Natural Resources Management Strategy Eastern Europe And Central Asia:

Natural Resource Management Strategy ,2000-01-01 Arable land deserts mountains forests rivers and coastal zones characterize the diverse regions in Eastern Europe and Central Asia ECA As varied as the geography is so are the policy directions taken by the region s governments concerning natural resource management A lack of conservation measures misuse and poor management have impaired many of the natural resources now available in these countries Although the pressure on natural resources in ECA is less than in other regions and the area has more abundant resources the accessibility and utility of those resources belie the figures Where there is arable land the growing season is short Where there are immense forests the climate is harsh To assist the Bank s client countries in ECA with sustainable use of natural resources this volume identifies the various challenges provides a history of the Bank s regional natural resource strategy outlines a strategic framework and proposes new strategies and policy instruments to implement them Natural resources in this publication refer to non mineral resources such as forests rivers and land

Rural, Environment, and Social Development Strategies for the Europe and Central Asia Region ,2000-01-01 This report proposes a World Bank strategy for assisting the rural environmental and social development of Eastern Europe and Central Asia It has been produced for a general audience partly for consultation purposes and is therefore a work in progress Each of the three areas of development is examined in separate chapters and each summarises the World Bank assistance strategy in that area The conclusion is that the challenge posed by the objectives of this report are far beyond the World Bank s abilities to achieve on its own
