Participatory Mapping of Territoriality Across Florida's Beaches John D. Morgan, Jocelyn Evans, 2022-09-01 This book offers a theoretical and practical exploration of the beach as space and places unique disciplinary lenses Political Science and Geography If we accept that what one possesses one has a claim to becoming property then how that possession is enforced socially makes all the difference in defining what constitutes territoriality Morgan and his colleagues have carried out various studies and applied various methods to study the developing coast of Florida From these efforts we compare the different regions of the State e g Florida panhandle vs South Florida in terms of local beach culture and economics to unpack the topic of tension between beach property and access using firsthand accounts in many cases This book approaches the complex topic of territoriality on Florida s beaches from multiple perspectives but related methods involving time geography a public space index participatory mapping cartography and transboundary viewsheds This analysis illustrates the fruitfulness of conceptualizations of property that are complex multiplicative and evolving It calls for a recognition of human rights to the commons both now and in the future And it highlights the constructed nature of public space as a space that provides meaning through bodily performance and encounter Approaches the complex topic of territoriality on Florida s beaches from methods of participatory mapping cartography and performance art Offers a theoretical and practical exploration of the beach as space and place Utilizes the lens of territoriality and field based participant cartographic mapping to understand better how the developed shoreline is territorialized

Easygoing Guide to Natural Florida Douglas Waitley, 2006

The Nature of Florida's Ocean Life, 1998 This book looks at Florida s ocean as a habitat a community of elaborate mini creatures swimming next to bulky saltwater giants Drifting alongside these living creatures are inanimate objects bottles nurdles rafts toys and tar blobs lost or tossed from cargo ships They float in the Sargasso Sea or flow with the Gulf Stream sometimes drifting to Florida s east coast to become part of the sea wrack the flotsam and jetsam that we find when strolling on the shore
