Nature Of Realism In Grimmelshausens Simplicibus Cycle Of Novels:

The Nature of Realism in Grimmelshausen's Simplicissimus Cycle of Novels Robert Aylett, 1982 This study of the Simplicissimus cycle of works seeks to demonstrate Grimmelshausen's modernity as an author and thinker A new evaluation of Simplex and others as characters is undertaken the author's use of time and space is examined as are the credibility of action and the interweaving of real and fictional history the values upheld in the works are reassessed The study shows a writer who although at times intermittently realistic is largely engaged in portraying contemporary life in a realistic fashion

Jewish Identity in Early Modern Germany Dean Phillip Bell, 2016-05-06 Although Jews in early modern Germany produced little in the way of formal historiography Jews nevertheless engaged the past for many reasons and in various and surprising ways They narrated the past in order to enforce order empower authority and record the traditions of their communities In this way Jews created community structure and projected that structure into the future But Jews also used the past as a means to contest the marginalization threatened by broader developments in the Christian society in which they lived As the Reformation threw into relief serious questions about authority and tradition and as Jews continued to suffer from anti Jewish mentality and politics narration of the past allowed Jews to reinscribe themselves in history and contemporary society Drawing on a wide range of sources including chronicles liturgical works books of customs memorybooks biblical commentaries rabbinic responsa and community ledgers this study offers a timely reassessment of Jewish community and identity during a frequently turbulent era It engages but then redirects important discussions by historians regarding the nature of time and the construction and role of history and memory in pre modern Europe and pre modern Jewish civilization This book will be of significant value not only to scholars of Jewish history but anyone with an interest in the social and cultural aspects of religious history
