**Living to the Praise of God's Glory**

Mark A. Simon, 2021-05-24

The letter to the Ephesians is missional to its core. It effectively exhorts its readers to understand, support, and participate in God's mission to rescue humanity and all creation from the damage and distortion of sin and so bring about a renewed creation filled with God's glorious fullness. Working at the creative intersection of biblical studies and missiology, this study adopts a missional hermeneutic to overcome the scholarly neglect of mission in Ephesians. The book systematically explores each passage in Ephesians, delving into the characterization of God and his mission, allusions to Old Testament missional texts in Ephesians, and the portrayal of the apostle Paul and believers as participants in God's mission. A multi-faceted vision of mission emerges, which encompasses God's actions in salvation history, the church as mediator of God's glory, reconciliation and grace to the nations, prayer, ethical witness, and verbal proclamation of the gospel. Reading Ephesians through this missional lens yields fresh insights into its purpose and context and the richness of its portrait of mission.

**Early Childhood Studies**

Jenny Willan, 2024-02-08. Fully updated in its 2nd edition, this comprehensive and accessible book is a one-stop introductory text for those entering the field of early childhood studies and early years. Scholarly and engagingly written, it covers all the key contemporary debates from child development, language acquisition, and play to professional practice, health, and wellbeing, and diversity and inclusion. The new edition includes two new chapters on fostering creativity and sustainability. It covers the urgent post-pandemic need for early childhood practitioners to lead the remedial work for the 2020 generation of babies who lost valuable socialisation opportunities and includes discussion of the current schoolification of early childhood and the pursuit of data as a driver of education and care provision. It also examines the impact of health and income inequalities, Covid-19, global neoliberal policies, and Brexit on the early childhood landscape. An excellent all-rounder, it covers everything a student of early childhood will need. Each of the eighteen chapters has at least one global case study and includes reflective exercises, topics for discussion, assignments, and further reading lists. Throughout the book, vital connections are made between theory and practice to help students prepare for a career working with a diverse community of children, parents, and professionals.
