Natures Artist Plants And Animals By Albrecht Durer:

Nature's Artist Albrecht Dürer, 2003 Durer's drawings and watercolours show the artist at his most accessible revealing his techniques and the masterly use of his media No woodcut engravers printers or apprentices come between Durer and the viewer This contributes to the particular fascination of such sheets as The Large Piece of Turf or Hare The introductory essay portraying Durer as a passionate observer of his surroundings and an exceptionally gifted artist is followed by thirty five high quality reproductions of his most popular drawings and watercolours Jaquette Albrecht Dürer Stacey Bieler, 2017-12-06 The artist and entrepreneur Albrecht Durer lived in Germany in the early 1500s when two storms were threatening the Holy Roman Empire First Suleiman the Magnificent and his army of Ottoman Turks were expanding from Constantinople to Vienna the doorstep of Europe Second Martin Luther a German monk and professor wrote his Ninety Five Theses identifying corruption within the Roman Catholic Church This challenged the authority of both Emperor Charles V and Pope Leo X who responded by accusing Luther of heresy Albrecht Durer influenced art and media throughout Europe as strongly as Martin Luther influenced people's views of life death and their relationship with God Durer's art and writing reveal how this creative and thoughtful man responded to the changes offered by Luther Why was Durer so attracted to Luther's writings Why would he risk being accused of being a heretic Both of these men inspired changes in art religion and politics that still underlie the foundation of today's social structures and Western culture *Looking at Animals in Human History* Linda Kalof, 2007-08-15 From the first cave paintings to Britta Jaschinski's provocative animal photography it seems we have been describing and portraying animals in some form or another for as long as we have been human This book provides a broad historical overview of our representations of animals from prehistory to postmodernity and how those representations have altered with changing social conditions Taking in a wide range of visual and textual materials Linda Kalof unearths many surprising and revealing examples of our depictions of animals She also examines animals in a broad sweep of literature narrative and criticism from Pliny the Elder's Natural History to Donna Haraway's writings on animal human machine interaction and from accounts of the Black Plague and histories of the domestic animal and zoos to the ways that animal stereotypes have been applied to people to highlight hierarchies of gender race and class Well researched and scholarly yet very accessible this book is a significant contribution to the human animal story Featuring more than 60 images *Looking at Animals in Human History* brings together a wealth of information that will appeal to the wide audience interested in animals as well as to specialists in many disciplines Linda Kalof is professor of sociology at Michigan State University Her books include *The Earthscan Reader in Environmental Values* and *The Animals Reader The Essential Classic and Contemporary Writings* Reframing Albrecht Dürer Andrea Bubenik, 2017-07-05 Focusing on the ways his art and persona were valued and criticized by writers collectors and artists subsequent to his death this book examines the reception of the works of Albrecht Durer Andrea Bubenik's analysis highlights the intensive and international interest in Durer's art and personality and his

developing role as a paragon in art historiography in conjunction with the proliferation of portraits after his likeness The author traces carefully how Dürer's paintings, prints, drawings and theoretical writings traveled widely and were appropriated into new contexts and charged with different meanings Drawing on inventories and correspondences and taking collecting practices into account Bubenik establishes who owned what by Dürer in the 16th and 17th centuries and characterizes the key locations where interest in Dürer peaked especially the courts of Maximilian I in Munich and Rudolf II in Prague Bubenik treats the emergent artistic appropriations of Dürer borrowings from or transformations of his originals in conjunction with contemporary sources on art theory The volume includes illustrations of numerous imitative works after Dürer As well as being the first book to fully address the early reception of the most important of German Renaissance artists Reframing Albrecht Dürer shows how appropriation is a crucial concept for understanding artistic practice during the early modern period

Great Artists: Albrecht Dürer Richard Ford Heath, 1881

The Life and Art of Albrecht Dürer Erwin Panofsky, 2023-06-06 This classic text presents the life times and works of Albrecht Dürer Through the skill and immense knowledge of Erwin Panofsky the reader is dazzled not only by Dürer the artist but also Dürer in a wide array of other roles including mathematician and scientific thinker Originally published in 1943 in two volumes The Life and Art of Albrecht Dürer met with such wide popular and scholarly acclaim that it led to three editions and then in 1955 to the first one volume edition Without sacrifice of text or illustrations the book was reduced to this single volume by the omission of the Handlist and Concordance The new introduction by Jeffrey Chipps Smith reflects upon Panofsky the man the tumultuous circumstances surrounding the creation of his masterful monograph its innovative contents and its early critical reception Erwin Panofsky was one of the most important art historians of the twentieth century Panofsky taught for many years at Hamburg University but was forced by the Nazis to leave Germany He joined the faculty at the

Institute for Advanced Study in 1935 where he spent the remainder of his career and wrote *The Life and Art of Albrecht Dürer*. He developed an iconographic approach to art and interpreted works through an analysis of symbolism, history, and social factors. This book, one of his most important, is a comprehensive study of painter and printmaker Albrecht Dürer (1471–1528), the greatest exponent of northern European Renaissance art. Although an important painter, Dürer was most renowned for his graphic works. Artists across Europe admired and copied his innovative and powerful prints, ranging from religious and mythological scenes to maps and exotic animals. The book covers Dürer's entire career in exacting detail. With multiple indexes and more than three hundred illustrations, it has served as an indispensable reference, remaining crucial to an understanding of the work of the great artist and printmaker. Subsequent Dürer studies have necessarily made reference to Panofsky's masterpiece. Panofsky's work continues to be admired for the author's immense erudition, subtlety of appreciation, technical knowledge, and profound analyses.

Premodern Experience of the Natural World in Translation Katja Krause, Maria Auxent, Dror Weil, 2022-06-29 This innovative collection showcases the importance of the relationship between translation and experience in premodern science, bringing together an interdisciplinary group of scholars to offer a nuanced understanding of knowledge transfer across premodern time and space. The volume considers experience as a tool and object of science in the premodern world, using this idea as a jumping-off point from which to view translation as a process of interaction between different epistemic domains. The book is structured around four dimensions of translation: between terms within and across languages; across sciences and scientific norms; between verbal and visual systems; and through the expertise of practitioners and translators, which raise key questions on what constituted experience of the natural world in the premodern area and the impact of translation processes and agents in shaping experience. Providing a wide-ranging global account of historical studies on the travel and translation of experience in the premodern world, this book will be of interest to scholars in history, the history of translation, and the history and philosophy of science.
