Winner of the National Book Award Jincy Willett, 2010-04-01 Winner of the National Book Award the long awaited novel from the author of the acclaimed collection Jenny and the Jaws of Life is an unusual and wonderful novel that is somehow able to be at once bleak and hilarious light hearted and profound It's the story of two sisters Abigail Mather is a woman of enormous appetites sexual and otherwise Her fraternal twin Dorcas couldn't be more different she gave up on sex without once trying it and she lives a controlled dignified life of the mind Though Abigail exasperates Dorcas the two love each other in fact they complete each other They are an odd pair set down in an odd Rhode Island town where everyone has a story to tell and writers both published and unpublished carom off each other like billiard balls What is it that

makes the two women targets for the new man in town the charming schlockmeister Conrad Lowe tall whippet thin and predatory In Abigail and Dorcas he sees a new and tantalizing challenge Not the mere conquest of Abigail with her easy reputation but a longer and more sinister game A game that will lead to betrayal shame and ultimately murder In her darkly comic and unsettling first novel Jincy Willett proves that she is a true find that rare writer who can explore the shadowy side of human nature with the lightest of touches *Junior High School Library Catalog* ,1980 *Catalog of Copyright Entries* Library of Congress.
