Navajo Blessingway Singer The Autobiography Of Frank Mitchell 1881 1967 Edited By Charlotte J Frisbie:

Navajo Blessingway Singer Frank Mitchell, 2003 This life history of a Navajo leader recorded in the 1960s and first published in 1977 is a classic work in the study of Navajo history and religious traditions A skillful meticulous and altogether praiseworthy contribution to Navajo studies Although the focus of Mitchell s autobiography is upon his role as a Blessingway singer there is much material here on Navajo history and culture in the late nineteenth and early twentieth centuries Mitchell attended the government school at Fort Defiance worked on the railroad in Arizona served as a handyman and interpreter at several trading posts and the Franciscan missions and later served as a tribal councilman in the 1930s and as a judge in the 1940s and 1950s His observations on these experiences are relevant to our understanding of contemporary Navajo life

Lawrence C Kelly Western Historical Quarterly This book stands easily among the best of the native autobiographies Narrated by a thoughtful and articulate Navajo leader over a span of eighteen years this life history is brought into English with none of the selective romanticizing that has spoiled some books It is a superb job of bringing one culture ever closer to another

Both Sides of the Bullpen Robert S. McPherson, 2017-10-19 Between 1880 and 1940 Navajo and Ute families and westward trending Anglos met in the bullpens of southwestern trading posts to barter for material goods As the products of the livestock economy of Navajo culture were exchanged for the merchandise of an industrialized nation a wealth of cultural knowledge also changed hands In Both Sides of the Bullpen Robert S McPherson reveals the ways that Navajo tradition fundamentally reshaped and defined trading practices in the Four Corners area of southeastern Utah and southwestern Colorado Drawing on oral histories of Native peoples and traders collected over thirty years of research McPherson explores these interactions from both perspectives as wool blankets and silver crossed the counter in exchange for flour coffee and hardware To succeed traders had to meet the needs and expectations of their customers often interpreted through Navajo cultural standards From the organization of the post building to gift giving health care and burial services and a credit system tailored to the Navajo calendar every feature of the trading post served trader and customer alike Over time these posts evolved from ad hoc business ventures or profitable cooperative stores into institutions with a clearly defined set of expectations that followed Navajo traditional

practices Traders spent their days evaluating craft work learning the financial circumstances of each Native family following economic trends in the wool and livestock industry back east and avoiding conflict In detail and depth the many voices woven throughout Both Sides of the Bullpen restore an underappreciated era to the history of the American Southwest They show us that for American Indians and white traders alike in the Four Corners region during the late 1800s and early 1900s barter was as much a cultural expression as it was an economic necessity Education for Extinction David Wallace

Adams,2020-06-10 The last Indian War was fought against Native American children in the dormitories and classrooms of government boarding schools Only by removing Indian children from their homes for extended periods of time policymakers reasoned could white civilization take root while childhood memories of savagism gradually faded to the point of extinction In the words of one official Kill the Indian and save the man This fully revised edition of Education for Extinction offers the only comprehensive account of this dispiriting effort and incorporates the last twenty five years of scholarship Much more than a study of federal Indian policy this book vividly details the day to day experiences of Indian youth living in a total institution designed to reconstruct them both psychologically and culturally The assault on identity came in many forms the shearing off of braids the assignment of new names uniformed drill routines humiliating punishments relentless attacks on native religious beliefs patriotic indoctrinations suppression of tribal languages Victorian gender rituals football contests and industrial training Especially poignant is Adams s description of the ways in which students resisted or accommodated themselves to forced assimilation Many converted to varying degrees but others plotted escapes committed arson and devised ingenious strategies of passive resistance Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama that the response of accommodation was not synonymous with cultural surrender This is especially apparent in his analysis of students who returned to the reservation He reveals the various ways in which graduates struggled to make sense of their lives and selectively drew upon their school experience in negotiating personal and tribal survival in a world increasingly dominated by white men The discussion comes full circle when Adams reviews the government s gradual retreat from the assimilationist vision Partly because of persistent student resistance but also partly because of a complex and sometimes contradictory set of progressive humanitarian and racist motivations policymakers did eventually come to view boarding schools less enthusiastically Based upon extensive use of government archives Indian and teacher autobiographies and school newspapers Adams s moving account is essential reading for scholars and general readers alike interested in Western history Native American studies American race relations education history and multiculturalism **Under the Eagle** Samuel Holiday,Robert S. McPherson,2013-08-13 Samuel Holiday was one of a small group of Navajo men enlisted by the Marine Corps during World War II to use their native language to transmit secret communications on the battlefield Based on extensive interviews with Robert S McPherson Under the Eagle is Holiday s vivid account of his own story It is the only book length oral history of a Navajo code talker in which the narrator

relates his experiences in his own voice and words Under the Eagle carries the reader from Holiday s childhood years in rural Monument Valley Utah into the world of the United States s Pacific campaign against Japan to such places as Kwajalein Saipan Tinian and Iwo Jima Central to Holiday s story is his Navajo worldview which shapes how he views his upbringing in Utah his time at an Indian boarding school and his experiences during World War II Holiday s story coupled with historical and cultural commentary by McPherson shows how traditional Navajo practices gave strength and healing to soldiers facing danger and hardship and to veterans during their difficult readjustment to life after the war The Navajo code talkers have become famous in recent years through books and movies that have dramatized their remarkable story Their wartime achievements are also a source of national pride for the Navajos And yet as McPherson explains Holiday s own experience was as much mental and spiritual as it was physical This decorated marine served under the eagle not only as a soldier but also as a Navajo man deeply aware of his cultural obligations

Symposium of the Whole Jerome Rothenberg,Diane

Rothenberg,2016-04-19 Symposium of the Whole traces a discourse on poetry and culture that has profoundly influenced the art of our time with precedents going back two centuries and more Beginning with a reassertion of the complexity of poetry among peoples long labeled primitive and savage many recent poets have sought to base a new poetics over the fullest range of human cultures The attempt to define an ethno poetics has been significantly connected with the most experimental and future directed side of Romantic and modern poetry both in the Western world and increasingly outside it As a visionary poetics and as a politics this complex redefinition of cultural and intellectual values has involved a rarely acknowledged collaboration between poets and scholars who together have challenged the narrow view of literature that has excluded so many traditions In this gathering the Rothenbergs follow the idea of an ethno poetics from predecessors such as Vico Blake Thoreau and Tzara to more recent essays and manifestos by poets and social thinkers such as Olson Eliade Snyder Turner and Baraka The themes range widely from the divergence of oral and written cultures to the shaman as proto poet and the reemergence of suppressed and rejected forms and images the goddess the trickster and the human universe The book s three ethnographic sections demonstrate how various poetries are structured and composed how they reflect meaning and worldview and how they are performed in cultures where all art may be thought of as art in motion Among the poetries discussed are the language of magic West African drum language and poetry the Huichol Indian language of reversals chance operations in African divination poetry picture writings and action writings from Australia and Africa and American Indian sacred clown dramas and traditional trickster narratives The cumulative effect is a new reading of the poetic past and present in the editors words a changed paradigm of what poetry was or now could come to be [The Columbia Guide to American Indian Literatures of the United States Since 1945](#) Eric Cheyfitz,2006-04-04 The Columbia Guide to American Indian Literatures of the United States Since 1945 is the first major volume of its kind to focus on Native literatures in a postcolonial context Written by a team of noted Native and non Native scholars these essays consider the complex social and

Viewing the Ancestors Robert S. McPherson, 2014-03-17 The Anasazi people left behind marvelous structures the ruins of which are preserved at Mesa Verde Chaco Canyon and Canyon de Chelly But what do we know about these people and how do they relate to Native nations living in the Southwest today Archaeologists have long studied the American Southwest but as historian Robert McPherson shows in Viewing the Ancestors their findings may not tell the whole story McPherson maintains that combining archaeology with knowledge derived from the oral traditions of the Navajo Ute Paiute and Hopi peoples yields a more complete history McPherson s approach to oral tradition reveals evidence that contrary to the archaeological consensus that these groups did not coexist the Navajos interacted with their Anasazi neighbors In addition to examining archaeological literature McPherson has studied traditional teachings and interviewed Native people to obtain accounts of their history and of the relations

between the Anaas z and Athapaskan ancestors of today s Hopi Pueblo and Navajo peoples Oral history McPherson points out tells why things happened For example archaeological findings indicate that the Hopi are descended from the Anaas z but Hopi oral tradition better explains why the ancient Puebloans may have left the Four Corners region the drought that may have driven the Anaas z away was a symptom of what had gone wrong within the society a point that few archaeologists could derive from what is found in the ground An important text for non Native scholars as well as Native people committed to retaining traditional knowledge Viewing the Ancestors exemplifies collaboration between the sciences and oral traditions rather than a contest between the two Dinéj Na`nitin Robert S. McPherson, 2018-08-20 A knowledgeable and sensitive description of some of the basic aspects of traditional Navajo teachings thought and language Utah Historical Quarterly Traditional teachings derived from stories and practices passed through generations lie at the core of a well balanced Navajo life These teachings are based on a very different perspective of the physical and spiritual world than that found in general American culture Din j Na nitin is an introduction to traditional Navajo teachings and history for a non Navajo audience providing a glimpse into this unfamiliar domain and illuminating the power and experience of the Navajo worldview Historian Robert McPherson discusses basic Navajo concepts such as divination good and evil prophecy and metaphorical thought as well as these topics relevance in daily life making these far ranging ideas accessible to the contemporary reader He also considers the toll of cultural loss on modern Navajo culture as many traditional values and institutions are confronted by those of dominant society Using both historical and modern examples he shows how cultural change has shifted established views and practices and illustrates the challenge younger generations face in maintaining the beliefs and customs their parents and grandparents have shared over generations This intimate look at Navajo values and customs will appeal not only to students and scholars of Native American studies ethnic studies and anthropology but to any reader interested in Navajo culture or changing traditional lifeways **Free and Easy?** Sean Griffin, 2017-07-24 A History of the American Musical narrates the evolution of the film musical genre discussing its influences and how it has come to be defined the first text on this subject for over two decades it employs the very latest concepts and research The most up to date text on the subject with uniquely comprehensive coverage and employing the very latest concepts and research Surveys centuries of music history from the music and dance of Native Americans to contemporary music performance in streaming media Examines the different ways the film musical genre has been defined what gets counted as a musical why and who gets to make that decision The text is written in an accessible manner for general cinema and musical theatre buffs whilst retaining theoretical rigour in research Describes the contributions made to the genre by marginalized or subordinated identity groups who have helped invent and shape the musical *Coming To Light* Brian Swann, 2010-12-29 A richly diverse anthology of Native American literatures draws on the work of more than two hundred tribes across the United States and Canada and provides information on the historical and cultural contexts of the stories songs prayers and orations *Prayer* Philip Zaleski, Carol

with recent examples of ethnopoetics and modernist author Willa Cather who demonstrated an immaterial feeling for landscape from the Nebraska Plains to Acoma Pueblo Goodman shows how these writers as well as photographers such as Paul Strand Ansel Adams and Alex Harris exhibit different phases of the struggle between an Anglo calling to document Native and Hispanic difference and America's larger drive toward imperial mastery In critiquing photographic representations of the Southwest she argues that commercial interests and eastern prejudices boiled down the experimental images of the late nineteenth century to a few visual myths the persistence of wilderness the innocence of early portraiture and the purity of empty space An ambitious synthesis of criticism and anthropology art history and geopolitical theory Translating Southwestern Landscapes names the defining contradictions of America's most recently invented cultural space It shows us that the Southwest of these early visitors is the only Southwest most of us have ever known

The Blackwell Companion to Religion in America Philip Goff, 2010-03-25 This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons Explores topics ranging from religion and the media immigration and piety though to politics and social reform Considers how American religion has influenced and been interpreted in literature and popular culture Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment

Abstract: A wideband 2.2-slot element for a 60 GHz antenna array is designed by making use of two double-sided printed circuit boards (PCBs). The upper PCB contains the four radiating cavity-backed slots where the cavity is formed in substrate integrated waveguide (SIW) using metalized via holes.

Low profile hexagonal SIW cavity slot antenna with enhanced gain - Jan 13 2023

Apr 3 2020: A novel low profile substrate integrated waveguide (SIW) cavity-backed slot antenna with an enhanced gain is proposed by etching four parallel transverse slots at the edges of the hexagonal SIW cavity.

Development of a wideband hexagonal SIW cavity-backed slot antenna - Aug 20 2023

Sep 1 2021: In this paper, a novel wideband hexagonal cavity-backed slot antenna array waveguide SIW is proposed. First, a single element low profile wideband linearly polarized cavity-backed antenna using two slots is designed and analyzed. The antenna bandwidth is increased by NRWs, which makes both hybrid modes of TM input impedance keywords.

A high performance SIW slot antenna array for mm-wave radar - May 17 2023

Jul 24 2023: The feed network of the antenna is composed of an air-filled rectangular waveguide (RWG) to substrate integrated waveguide (SIW) transition and a power division feed network. Finally, the array element and the feed network are combined to form an 8 × 16 slot array. The overall simulation design is carried out in HFSS.
