## **Navajo Studies At Navajo Community College:**

*Navajo Studies at Navajo Community College* Navajo Community College, 1971      **Language Shift among the Navajos** Deborah House, 2002-03-01 To experience change on the Navajo Reservation one need only close one's eyes and listen Today an increasing number of Navajos speak only English while very few speak only Navajo The Navajo language continues to be taught but it is less often practiced Deborah House asks why despite the many factors that would seem to contribute to the maintenance of the Navajo language speakers of the language continue to shift to English at such an alarming rate and what can be done about it *Language Shift among the Navajos* provides a close look at the ideological factors that intervene between the desire of the Navajos to maintain their language as an important aspect of their culture and their actual linguistic practice Based on more than ten years of fieldwork within a Navajo institution and community it points to ideologies held by Navajo people about their unequal relationship with the dominant American society as a primary factor in the erosion of traditional language use House suggests that the Navajos employ their own paradigm Sa ah Naagh Bik eh H zh n to learn both Western language and culture and their own without denigrating either perspective By building on the traditional Navajo belief in harmony and balance she advocates that those who value the language should use and teach it not just in school but also in the home in the ceremonial hogans and among those who cherish their heritage Now is the time when language choices and behavior will influence whether the Navajo language lives or dies House's book carries important lessons for anyone concerned with cultural continuity It is a wake up call for educators youth politicians or family and community members who value Native language and culture It remains to be seen in what language that call will be answered      **The Navajo Political Experience** David Eugene Wilkins, 2003 The Navajo Nation is the largest of over 560 federally recognized indigenous entities in the United States today Navajo history and politics thus serve as a model for understanding American Indian issues across the board ranging from the tribal federal relationship to contemporary land disputes taxation policies and Indian gaming challenges This revised edition of a recent text includes new census data along with a new introduction and an updated timeline of Dine political history The text's thoroughgoing analysis of Navajo political institutions and processes is amplified by a consideration of the distinctive Navajo culture Presented in the context of indigenous societies everywhere the book offers a way to explore the culture of politics and the politics of culture confronted by all native peoples      **Native American Women** Gretchen M. Bataille, Laurie Lisa, 2003-12-16 This A Z reference contains 275 biographical entries on Native American women past and present from many different walks of life Written by more than 70 contributors most of whom are leading American Indian historians the entries examine the complex and diverse roles of Native American women in contemporary and traditional cultures This new edition contains 32 new entries and updated end of article bibliographies Appendices list entries by area of woman's specialization state of birth and tribe also includes photos and a comprehensive index      Research in Education , 1974      A Compilation of Federal Education Laws ... as Amended

Through December 1997: Higher education United States,1998      **Resources in Education** ,1977      **A Compilation of Federal Education Laws** United States,1992      *American Indian Workforce Education* Carsten Schmidtke,2016-03-10 In this collection of original essays contributors critically examine the pedagogical administrative financial economic and cultural contexts of American Indian vocational education and workforce development identifying trends and issues for future research in the fields of vocational education workforce development and American Indian studies      **Financial Assistance by Geographic Area** ,      *Native American Boarding Schools* Mary A. Stout,2012-04-23 A broadly based historical survey this book examines Native American boarding schools in the United States from Puritan times to the present day Hundreds of thousands of Native Americans are estimated to have attended Native American boarding schools during the course of over a century Today many of the off reservation Native American boarding schools have closed and those that remain are in danger of losing critical federal funding Ironically some Native Americans want to preserve them This book provides a much needed historical survey of Native American boarding schools that examines all of these educational institutions across the United States and presents a balanced view of many personal boarding school experiences both positive and negative Author Mary A Stout an expert in American Indian subjects places Native American boarding schools in context with other American historical and educational movements discussing not only individual facilities but also the specific outcomes of this educational paradigm      **A Compilation of Federal Education Laws ... as Amended Through December 31, 1984** United States,1985      **A Compilation of Federal Education Laws ... as Amended Through December 31, 1992: Higher education** United States,1993      **Oversight of the Indian Education Act** United States. Congress. Senate. Select Committee on Indian Affairs,1985      **Financial Assistance by Geographic Area** United States. Dept. of Health, Education, and Welfare. Office of the Deputy Assistant Secretary, Finance,1978      *Navajo Area Newsletter* ,1977      *Diné* Peter Iverson,2002-08-28 The most complete and current history of the largest American Indian nation in the U S based on extensive new archival research traditional histories interviews and personal observation      **Indian Education** United States. Congress. House. Committee on Education and Labor. Subcommittee on Postsecondary Education,1977

**American Indian Education, 2nd Edition** Jon Reyhner,Jeanne Eder,2017-11-02 Before Europeans arrived in North America Indigenous peoples spoke more than three hundred languages and followed almost as many distinct belief systems and lifeways But in childrearing the different Indian societies had certain practices in common including training for survival and teaching tribal traditions The history of American Indian education from colonial times to the present is a story of how Euro Americans disrupted and suppressed these common cultural practices and how Indians actively pursued and preserved them American Indian Education recounts that history from the earliest missionary and government attempts to Christianize and civilize Indian children to the most recent efforts to revitalize Native cultures and return control of schools to Indigenous peoples Extensive firsthand testimony from teachers and students offers unique insight into the varying experiences of Indian

education Historians and educators Jon Reyhner and Jeanne Eder begin by discussing Indian childrearing practices and the work of colonial missionaries in New France Canada New England Mexico and California then conduct readers through the full array of government programs aimed at educating Indian children From the passage of the Civilization Act of 1819 to the formation of the Bureau of Indian Affairs in 1824 and the establishment of Indian reservations and vocation oriented boarding schools the authors frame Native education through federal policy eras treaties removal assimilation reorganization termination and self determination Thoroughly updated for this second edition American Indian Education is the most comprehensive single volume account useful for students educators historians activists and public servants interested in the history and efficacy of educational reforms past and present
