Bennett,2005-12-15 Historians have given a great deal of attention to the lives and experiences of Civil War soldiers but surprisingly little is known about navy sailors who participated in the conflict Michael J Bennett remedies the longstanding neglect of Civil War seamen in this comprehensive assessment of the experience of common Union sailors from 1861 to 1865 To resurrect the voices of the Union Jacks Bennett combed sailors diaries letters and journals He finds that the sailors differed from their counterparts in the army in many ways They tended to be a rougher bunch of men than the regular soldiers drinking and fighting excessively Those who were not foreign born escaped slaves or unemployed at the time they enlisted often hailed from the urban working class rather than from rural farms and towns In addition most sailors enlisted for pragmatic rather than ideological reasons Bennett s examination provides a look into the everyday lives of sailors and illuminates where they came from why they enlisted and how their origins shaped their service By showing how these Union sailors lived and fought on the sea Bennett brings an important new perspective to our understanding of the Civil War     **Cannon's Point Plantation, 1794 - 1860** John Solomon Otto,2014-06-28 Cannon s Point Plantation 1794 1860     **Naval Surgeon: Revolt in Japan, 1868-1869** Samuel Pellman Boyer,1963     **The Records of Living Officers of the U.S. Navy & Marine Corps** Lewis Randolph Hamersly,1878     *The records of living officers of the U.S. navy and Marine corps* L.R. HAMERSLY,1878     *Southern Black Women and Their Struggle for Freedom during the Civil War and Reconstruction* Karen Cook Bell,2023-12-21 This rich and innovative collection explores the ways in which Black women from diverse regions of the American South employed various forms of resistance and survival strategies to navigate one of the most tumultuous periods in American history the Civil War and Reconstruction era The essays included shed new light on individual narratives and case studies of women in war and freedom revealing that Black women recognized they had to make their own freedom and illustrating how that influenced their postwar political social and economic lives Black women and children are examined as self liberators as contributors to the family economy during the war and as widows who relied on kinship and community solidarity Expanding and deepening our understanding of the various ways Black women seized wartime opportunities and made powerful claims on citizenship this volume highlights the complexity of their wartime and post war experiences and provides important insight into the contested spaces they occupied     **The Records of Living Officers of the U.S. Navy and Marine Corps** Lewis Randolph Hamersly,1898     Blockaders, Refugees, and Contrabands George E.
