The Official Chronology of the U.S. Navy in World War II Robert J Cressman,2016-10-15 Ten years after the close of World War II the U S Navy published a chronology of its operations in the war Long out of print the work focused on what were then defined as critical and decisive events It ignored a multitude of combat actions as well as the loss or damage of many types of U S ships and craft particularly auxiliaries amphibious ships and district craft and entirely omitted the U S submarine campaign against Japanese shipping This greatly expanded and updated study now available in paperback with an index goes far beyond the original work drawing on information from more than forty additional years of historical research and writing Massive but well organized it addresses operational aspects of the U S Navy s war in every theater

Jellicoe's War Nicholas Jellicoe,2024-12-31 In February 1917 German U boats launched a savage unrestricted campaign against both Allied and neutral shipping At its peak in April 860 000 tons of Allied merchant shipping was sunk Britain s supremacy at sea was being severely challenged and with it the chances of victory in the wider war Taking up the challenge was Britain s new First Sea Lord Sir John Jellicoe until the previous December C in C of the Grand Fleet famously described by Churchill as the only man who could have lost the war in an afternoon The battle he now faced was equally critical although the timeline of defeat was a matter of days rather than hours Britain s food stocks were dangerously low with wheat reserves down to six weeks and sugar to only two while wide scale shortages were crippling the industrial economy Jellicoe outlined the gravity of the situation with total candor to Rear Admiral William Sims USN sent over before America officially declared war by Franklin Roosevelt the Assistant Secretary of the Navy The two men already knew each other from service together in China during the Boxer Rebellion so Jellicoe s plea for urgent American assistance was taken seriously by Sims After the USA joined the war in April 1917 together they lobbied Washington for aid addressing their needs

directly to two reluctant Anglophobes at the head of the USN Secretary of the Navy Josephus Daniels and Chief of Naval Operations William Benson. Clearly a radical new approach to anti submarine warfare was called for and Convoy was the leading contender. There were many objections to protecting shipping in this way, some ideological but most practical, a workable system for example effectively required state control of both shipping and distribution networks, something inconceivable in normal circumstances. However, Convoy had powerful advocates including the Prime Minister Lloyd George who later claimed he had personally forced its adoption on a reluctant Admiralty. This self-serving political myth cast Jellicoe as an opponent of Convoy, nothing could be further from the truth. As both Jellicoe and Sims understood, the key requirement was a rapid increase in the number of destroyers for escort duties. America provided them, the first arriving in Queenstown, Ireland, on 4 May and by June 46 were operating in European waters. This was the first step in an Anglo American campaign that gradually brought the U boat threat under control and led to its ultimate defeat. This book takes a fresh look at the undersea war as a whole and all the complex factors bearing on the campaign, only one of which was convoy. Its analysis is original and its conclusions thought provoking, an important contribution to the naval history of the Great War.

These awards were won aboard all manner of fighting ships, from disguised schooner to light cruiser, from motor launch to submarine and from river steamer to battle cruiser. This book charts the lives and careers of the VC recipients and presents graphic accounts of their award-winning actions based on original material, much of it from eyewitness sources.

Jutland Nicholas Jellicoe, 2016-03-30. A compelling dramatic account of the Royal Navy's last great sea battle. Robert K. Massie, Pulitzer Prize winning and New York Times bestselling author of *Dreadnought*. More than a century later, historians still argue about this controversial and misunderstood World War I naval battle off the coast of Denmark. It was the twentieth century's first engagement of dreadnoughts and while it left Britain in control of the North Sea, both sides claimed victory and decades of disputes followed, revolving around senior commanders Admiral Sir John Jellicoe and Vice Admiral Sir David Beatty. This book not only retells the story of the battle from both a British and German perspective based on the latest research but also helps clarify the context of Germany's inevitable naval clash and the aftermath after the smoke had cleared.

Teddy Sheean VC Doctor Tom Lewis, 2021-03-03. No one will ever know what made him do it. In 1942, 18-year-old Edward Teddy Sheean was one of the youngest and most inexperienced sailors on board the corvette HMAS Armidale. Whilst on operation in the Timor Sea, this warship came under heavy attack by Japanese aircraft. Armidale began sinking while swarmed by Japanese aircraft strafing and bombing the stricken vessel and the crew who were desperately trying to abandon ship. The wounded Ordinary Seaman turned back to his gun, an Oerlikon 20mm anti

aircraft cannon and strapped himself into the harness He began firing at the attacking Japanese aircraft a courageous young man determined to do his best to save his mates This selfless act of valour helped save the lives of 49 crew before Teddy himself went down with the Armidale No member of the Royal Australian Navy has ever been awarded a Victoria Cross Teddy's family and many others took up his case and fought for his recognition It took more than 70 years for Teddy to become the first in Australia's Naval history to receive this highest award confirming Teddy Sheean is an Australian hero Sheean is the 101st VC awarded to an Australian

[The British Army in Mesopotamia, 1914-1918](#) Paul Knight, 2013-07-30 When war broke out between the British and Turkish empires in 1914 the 6th Poona Division sailed from India to Basra to bolster Britain's allies deny the port to enemy shipping and secure Britain's Persian oil supplies Further expansion followed the capture of Al Amara was the British Army's greatest victory of 1915 When an advance on Baghdad was repulsed the Siege of Kut became the British Army's longest siege and greatest surrender Attempts to relieve Kut led to unsuccessful battles that were bloody and muddy even by Western Front standards Under new leadership revitalized and reinforced the British avenged their defeat when Baghdad was captured in March 1917 Thereafter the British Empire committed in campaigns of limited value to the overall war effort huge levels of manpower and materiel desperately needed elsewhere What was created was modern Iraq and the first Arab government in Baghdad in over 400 years This detailed history places the campaign in context of Allied operations in the Middle East and sheds light on several unsung heroes of the war including General Charles Townshend whose spectacular 1915 victories led to humiliating defeat and captivity in 1916 General Frederick Stanley Maude whose March 1917 entry into Baghdad preceded General Allenby's entry into Jerusalem by eight months and Miss Gertrude Bell a female Lawrence of Arabia who played a central role in the creation of the new Iraqi state
