A Student's Guide to Academic and Professional Writing in Education Katie O. Arosteguy, Alison Bright, Brenda J. Rinard, 2019-06-07 This concise handbook helps educators write for the rhetorical situations they will face as students of education and as preservice and practicing teachers It provides clear and helpful advice for responding to the varying contexts audiences and purposes that arise in four written categories in education classroom research credential and

stakeholder writing The book moves from academic to professional writing and chapters include a discussion of relevant genres mentor texts with salient features identified visual aids and exercises that ask students to apply their understanding of the concepts Readers learn about the scholarly and qualitative research processes prevalent in the field of education and are encouraged to use writing to facilitate change that improves teaching and learning conditions Book Features Presents a rhetorical approach to writing in education Includes detailed student samples for each of the four major categories of writing Articulates writing as a core intellectual responsibility of teachers Details the library and qualitative research process using examples from education Includes many user friendly features such as reflection questions and writing prompts

Conducting Qualitative Research on and with College Students Antonio Duran,Zak Foste,2024-09-17 As the demographics of college students in the United States continue to shift researchers increasingly design studies that offer insight into students enrolled in higher and postsecondary education institutions This timely book addresses the challenges in appropriately engaging these students in research and how to develop scholarship featuring college student populations Featuring tangible examples and strategies this text breaks down the central tensions and opportunities that exist when designing qualitative studies that center college students and their development experiences and success Chapters cover topics such as the philosophical underpinnings of qualitative research study design methodological approaches data methods issues of positionality data analysis trustworthiness and writing up students stories Scholars and practitioners at all career levels will benefit from the chapters describing key considerations that scholars must make when doing research with college students in the contemporary context Discussing both traditional as well as more contemporary and critical approaches to qualitative research this book helps students faculty and researchers grapple with key considerations of doing research with and on college students in the contemporary context as well as with tangible ideas of how to better reach the college students that are enrolling in their institutions

Examining the Landscape of Transfer Support Catherine Hartman,Jeffrey Mayo,2025-01-14 Transfer students are an important yet often understudied and underserved population within postsecondary education Millions of students rely on the transfer function of community colleges and two year schools to earn bachelor s degrees Yet low student transfer and bachelor s degree completion rates indicate a leaky transfer pipeline Given the growing interest and increase in transfer and transfer intending students across the postsecondary landscape and the longstanding degree completion challenges these students often face institutional leaders and staff must understand how they can best support transfer students and bolster their persistence For this reason the National Resource Center for The First Year Experience and Students in Transition created the inaugural National Study of Transfer Student Initiatives This report details the results from the 2021 National Study of Transfer Student Initiatives and is intended to provide leaders researchers and policymakers with a national overview of transfer related policies practices and procedures as well as institutional and bureaucratic barriers to their development coordination and implementation In addition it prompts

discussions for leaders and staff as they consider how transfer related efforts may be improved to better meet the needs of students *Engaging Images for Research, Pedagogy, and Practice* Bridget Turner Kelly, Carrie A. Kortegast, 2023-07-03

This book introduces practitioners and researchers of student affairs to the use of images as a means to gaining new insights in researching and promoting student learning and development and understanding the campus environment Visual research methods can surface and represent ideas in compelling ways and augment the traditional written word and numerical data methodologies of social science research The purpose of this book is to provide informative rich examples of the use of visuals to understand and promote college student development research pedagogy and practice With the increased accessibility of cameras the ability to engage in image production has become widely available Individual including college students faculty and administrators narrate the social world in new ways using visuals While on the one hand students are using images to mobilize around social issues on campus on the other institutionally produced visual artifacts send messages about institutional culture and values In promoting visual literacy this book offers new opportunities for student development administrators and faculty to utilize the visual sensory modality and image based artifacts to promote student success and belonging which are critical outcomes of higher education The book is divided into three sections research pedagogy and practice The first makes the case for adding visual methods to the researcher s toolbox describing past uses and outlining a theoretical approach to visual methods and methodologies in higher education research The pedagogical section demonstrates different and creative ways for educators to think about how subjects such as social justice might be taught and how educators can draw upon new changing modalities in their existing pedagogies and frameworks and it illustrates how visual based pedagogies can prompt students to new understandings about the content of their course of study The concluding section describes how student development professionals can also utilize visual methods to provide students with out of classroom learning opportunities and as a means to stimulate student reflection and identity development It also explores how visual methods can serve a way for practitioners to reflect on their professional practice and use of theory in their work Intended for higher education educators researchers and practitioners who teach research and promote college student development and learning this book could also be used in student affairs and higher education courses and professional development workshops **The Latinx Guide to Graduate School** Genevieve Negrón-Gonzales, Magdalena L. Barrera, 2023-01-30

In *The Latinx Guide to Graduate School* Genevieve Negrón-Gonzales and Magdalena L. Barrera provide prospective and current Latinx graduate students in the humanities and social sciences fields with a roadmap for surviving and thriving in advanced degree programs They document the unwritten rules of graduate education that impact Latinx students demystifying and clarifying the essential requirements for navigating graduate school that Latinx students may not know because they are often the first in their families to walk that path Topics range from identifying the purpose of graduate research finding the right program and putting together a strong application to developing a graduate student

identity cultivating professional and personal relationships and mapping out a post graduate school career The book also includes resources for undocumented students Equal parts how to guide personal reflection manifesto and academic musing this book gives a culturally resonant perspective that speaks to the unique Latinx graduate student experience
