what had been a vague plan suddenly was reality almost to the disbelief of Goebbels and other supporters Goebbels supported public schools so that his deadly dogma could be spread throughout Germany's educational system This book is a startling expose of the origin of Goebbels goals This book reveals that many of Goebbels shocking ideas were borrowed from the USA Decades before Goebbels and Hitler the state governments in the USA took over education and taught schoolchildren to chant in unison and perform the Nazi salute each day within schools that imposed segregation by law and taught racism as official policy The USA's flag pledge was the origin of Germany's infamous stiff armed salute and other brainwashing behavior that was borrowed decades later in Germany and in other countries worldwide Anyone who rejected the ritual in the public schools was persecuted

The Origins of Scottish Nationhood Neil Davidson, 2000-04-20 The traditional view of the Scottish nation holds that it first arose during the Wars of Independence from England in the thirteenth and fourteenth centuries Although Scotland was absorbed into Britain in 1707 with the Treaty of Union Scottish identity is supposed to have remained alive in the new state through separate institutions of religion the Church of Scotland education and the legal system Neil Davidson argues otherwise The Scottish nation did not exist before 1707 The Scottish national consciousness we know today was not preserved by institutions carried over from the pre Union period but arose after and as a result of the Union for only then were the material obstacles to nationhood most importantly the Highland Lowland divide overcome This Scottish nation was constructed simultaneously with and as part of the British nation and the eighteenth century Scottish bourgeoisie were at the forefront of constructing both The majority of Scots entered the Industrial Revolution with a dual national consciousness but only one nationalism which was British The Scottish nationalism which arose in Scotland during the twentieth century is therefore not a revival of a pre Union nationalism after 300 years but an entirely new formation Davidson provides a revisionist history of the origins of Scottish and British national consciousness that sheds light on many of the contemporary debates about nationalism

Reshaping Capitalism in Weimar and Nazi Germany Moritz Föllmer, Pamela E. Swett, 2022-02-03 In Weimar and Nazi Germany capitalism was hotly contested discreetly practiced and politically regulated This volume shows how it adapted to fit a nation undergoing drastic changes following World War I Through wide ranging cultural histories a transatlantic cast of historians probes the ways contemporaries debated concealed promoted and racialized capitalism They show how bankers and industrialists storeowners and commercial designers intellectuals and politicians reshaped a controversial economic order at a time of fundamental uncertainty and drastic rupture The book thus sheds fresh light on the strategies used by Hitler and his followers to gain and maintain widespread support The authors conclude that National Socialism succeeded in mobilizing capitalism's energies while at the same time claiming to have overcome a system they identified with pernicious Jewish influences In so doing the volume also speaks to the broader issue of how capitalism can adapt to new times

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

Nationalism, Liberalism, and Progress Ernst B. Haas, 2018-10-18 Far from being an inevitably aggressive and destructive force nationalism is for Ernst B Haas the primary means of bringing coherence to modernizing societies In the second volume of his magisterial exploration of this topic Haas emphasizes the benefits of liberal nationalism which he deems more progressive than other nation building formulas because it relies on reason to improve citizens lives The Dismal Fate of New Nations considers several societies that modernized relatively recently many of them aroused to nationalism by the imperialism of the old nation states The book probes the different patterns of development in emerging countries Iran Egypt India Brazil Mexico China Russia and Ukraine for insights into the possibilities and limitations of all nationalisms especially liberal nationalism Employing a systematic comparative perspective Haas organizes the book around the notion of change and its management by political elites in Asia Eastern Europe Latin America and the Middle East Haas particularly wants to understand how nationalism plays out in the politics of modernization within non Western cultures especially those where religions other than Christianity predominate Where the hold of religion remains formidable he argues the mixture of traditional and secular modernist institutions and beliefs will challenge the victory of liberal nationalism and the very success of nation state formation

Why Are We Socialists? Joseph Goebbels, Ian Tinny, Dead Writers Club, 2020-07-17 Why are we socialists was written by Dr Joseph Goebbels in 1929 Goebbels was the Minister of Propaganda under Adolf Hitler from 1933 1945 Goebbels has been described in various ways in documentaries that critique Nazism and Fascism But what did Goebbels actually say when he talked To find out come inside his mouth See what he said This book examines the actual words of a man who came close to destroying the planet If we are to discover the minds of Goebbels and Hitler we must penetrate behind the thick curtains of superficial evidence which conceal them and the unreliable media intermediaries who have distorted their speeches and writings For example Why are we socialists is merely a small section of a larger article authored by Goebbels that is usually titled Those Damned Nazis However that is not the title that Goebbels gave his larger publication

In the German language the title was Die verfluchten Hakenkreuzler or Those Damned Hakenkreuzlers Goebbels did not use the word Nazi in the title nor anywhere within the pamphlet The revelations in this paragraph were uncovered in the historian Dr Rex Curry s work Those Damned Nazis is a deceitful translation that was intended to cover up what Goebbels actually said This book reproduces the entire text of Why are we socialists As a free bonus specific examination of Mein Kampf is made for many comparisons This book is a useful study guide to Hitler s Mein Kampf whereby what had been a vague plan suddenly was reality almost to the disbelief of Goebbels and other supporters Goebbels supported schools so that his deadly dogma could be spread throughout Germany s educational system This book is a startling expose of the origin of Goebbels goals This book reveals that many of Goebbels shocking ideas were borrowed from the USA The Unfathomable Ascent Peter Ross Range,2020-08-11 The chilling and little known story of Adolf Hitler s eight year march to the pinnacle of German politics On the night of January 30 1933 Adolf Hitler leaned out of a spotlight window of the Reich chancellery in Berlin bursting with joy The moment seemed unbelievable even to Hitler After an improbable political journey that came close to faltering on many occasions his march to power had finally succeeded While the path of Hitler s rise has been told in books covering larger portions of his life no previous work has focused solely on his eight year climb to rule 1925 1933 Renowned author Peter Ross Range brings this period back to startling life with a narrative history that describes brushes with power quests for revenge nonstop electioneering American style campaign tactics and for Hitler moments of gloating triumph followed by abject humiliation Indeed this is the tale of a high school dropout s climb from the infamy of a failed coup to the highest office in Europe s largest country It is a saga of personal growth and lavish living a melodrama rife with love affairs and even suicide attempts But it is also the definitive account of Hitler s unrelenting struggle for control over his raucous movement as he fought off challenges built and bullied coalitions quelled internecine feuds and neutralized his enemies all culminating in the creation of the Third Reich and the western world s descent into darkness One of the most dramatic and important stories in world history Hitler s ascent spans Germany s wobbly recovery from World War I through years of growing prosperity and finally into crippling depression **Club Red** Diane P. Koenker,2013-04-24 The Bolsheviks took power in Russia 1917 armed with an ideology centered on the power of the worker From the beginning however Soviet leaders also realized the need for rest and leisure within the new proletarian society and over subsequent decades struggled to reconcile the concept of leisure with the doctrine of communism addressing such fundamental concerns as what the purpose of leisure should be in a workers state and how socialist vacations should differ from those enjoyed by the capitalist bourgeoisie In Club Red Diane P Koenker offers a sweeping and insightful history of Soviet vacationing and tourism from the Revolution through perestroika She shows that from the outset the regime insisted that the value of tourism and vacation time was strictly utilitarian Throughout the 1920s and 30s the emphasis was on providing the workers access to the repair shops of the nation s sanatoria or to the invigorating journeys by foot bicycle skis or horseback that were the stuff of

proletarian tourism Both the sedentary vacation and tourism were part of the regime's effort to transform the poor and often illiterate citizenry into new Soviet men and women Koenker emphasizes a distinctive blend of purpose and pleasure in Soviet vacation policy and practice and explores a fundamental paradox a state committed to the idea of the collective found itself promoting a vacation policy that increasingly encouraged and then had to respond to individual autonomy and selfhood The history of Soviet tourism and vacations tells a story of freely chosen mobility that was enabled and subsidized by the state While Koenker focuses primarily on Soviet domestic vacation travel she also notes the decisive impact of travel abroad mostly to other socialist countries which shaped new worldviews created new consumer desires and transformed Soviet vacation practices
