**Loose Balls** Terry Pluto, 2011-07-19 What do Julius Erving Larry Brown Moses Malone Bob Costas the Indiana Pacers the San Antonio Spurs and the Slam Dunk Contest have in common They all got their professional starts in the American Basketball Association What do Julius Erving Larry Brown Moses Malone Bob Costas the Indiana Pacers the San Antonio Spurs and the Slam Dunk Contest have in common They all got their professional starts in the American Basketball Association The NBA may have won the financial battle but the ABA won the artistic war With its stress on wide open individual play the adoption of the 3 point shot and pressing defense and the encouragement of flashy moves and flying dunks today's NBA is still decades later just the ABA without the red white and blue ball Loose Balls is after all these years the definitive and most widely respected history of the ABA It's a wild ride through some of the wackiest funniest strangest times ever to hit pro sports told entirely through the often incredible words of those who played wrote and connived their way through the league's nine seasons *The NBA's Global Empire* Joshua K. Wright, 2025-02-21 During the 1992 Summer Olympics in Barcelona the Dream Team a collective of the National Basketball Association's top talent led by Michael Jordan Magic Johnson Larry Bird and Charles Barkley shook up the world as they amazed spectators and opponents on their way to winning gold Their success introduced the world to the NBA's charismatic superstars and their artistic brand of basketball Over the next two decades youth outside of America dreamed of becoming the next Michael Jordan Kobe Bryant and LeBron James The NBA took advantage of its popularity in China by forming lucrative television and streaming deals and opening training academies By the 2022-23 NBA season there were 109 international players from 39 countries a Canadian franchise and a league in Africa Today's best players are Africans Canadians and Europeans like Nikola Jokic and Victor Wembanyama

This book presents the history of the NBA's ascension to a billion dollar global empire analyzing the globalization of American sports since the end of the Cold War and the dawn of the millennium. How essential is globalization for the NBA to thrive in the 21st century? Do the benefits outweigh the geopolitical controversies associated with being a global brand? Is globalization responsible for a decline in American born NBA players and declining domestic popularity? These questions and others are answered in this first treatment of the NBA's global reach. **Big Little Man** Alex Tizon, 2014. A journalist presents an intimate assessment of the mythology, experience, and psyche of the Asian American male that traces his own experiences as an immigrant under the constraints of American cultural stereotypes. **Big Little Breakthroughs** Josh Linkner, 2021-04-20. The pressure to generate big ideas can feel overwhelming. We know that bold innovations are critical in these disruptive and competitive times, but when it comes to breakthrough thinking, we often freeze up. Instead of shooting for a 10 billion payday or a Nobel Prize, the most prolific innovators focus on Big Little Breakthroughs: small creative acts that unlock massive rewards over time. Publisher: The Mythology of Kobe Bryant Darvin Anton Adams, 2022-10-21. Adams defines the mythology of Kobe Bryant as the ways and means in which Kobe's inspirational greatness transcended the culture of sport and the ever-changing context of human existence as we know it. Here, the mythological greatness of Kobe Bryant in life and death leaves creative space for a knowledgeable interpretation of what made Kobe to borrow the word of LeBron James immortal. Whether it was founded in the unfathomable amount of work that Kobe put into improving his basketball game from one year to the next or the creation of the Mamba Mentality that enabled him to teach others how to grow into the best version of themselves, the symbiotic totality of Kobe's ability to be great while inspiring others is worth celebrating. Utilizing biblical studies and theological reflections, this new volume presents Kobe Bryant as an imperfect human being. Through statistical facts, descriptive narratives, and historical analyses, this book also presents a detailed argument as to why Bryant is the greatest basketball player ever. Kobe's Mamba Mentality gives a thick description of his inner drive and his outer thoughts for the purpose of unpacking the contours of Kobe's life as a family man, businessman, leader, and professional athlete. **Artificial Intelligence, Optimization, and Data Sciences in Sports** Maude J.
