African Americans in Sports Gary A. Sailes, 2017-07-05 Research on African American athletes generally focuses on negative stereotypes of physical prowess and socially controversial themes Most studies investigate racism prejudice discrimination and exploitation experienced by African American athletes Many studies contrast African American and white athletes on a number of variables that support prevailing elitist stereotypes and denigrate African American athletes But few studies investigate the diverse and complex cultural dichotomies within the infrastructure of sport in the African American community Gary Sailes maintains that it is crucial to develop a more eclectic and immersed cultural approach when investigating African American involvement in competitive sports The contributors to *African Americans in Sports* show that there are also intrinsic cultural paradigms that are evident presenting an informative and interesting narrative regarding African American athletes The chapters that make up this volume were written by noted scholars who were selected based on their expertise in their specific academic areas They write about different components of the experience of African American male athletes Chapters and contributors include *Race and Athletic Performance A Physiological Review* by David W Hunter *The Athletic Dominance of African Americans Is There a Genetic Basis* by Vinay Harpalani *African American Player Codes on Celebration Taunting and Sportsmanlike Conduct* by Vernon L Andrews and *Stacking in Major League Baseball* by Earl Smith and C Keith Harrison Many chapters were originally published as a special issue of the *Journal of African American Men* This volume should be read by all those involved in athletics as well as by sports sociologists and African American studies scholars

Sport and the Neoliberal University Ryan King-White, 2018-01-25 College students are now regarded as consumers not students and nowhere is the growth and exploitation of the university more obvious than in the realm of college sports where the evidence is in the stadiums built with corporate money and the crowded sporting events sponsored by large conglomerates The contributors to *Sport and the Neoliberal University* examine how intercollegiate athletics became a contested terrain of public private interests They look at college sports from economic social legal and cultural perspectives to cut through popular mythologies regarding intercollegiate athletics and to advocate

for increased clarity about what is going on at a variety of campuses with regard to athletics Focusing on current issues including the NCAA Title IX recruitment of high school athletes and the Penn State scandal among others Sport and the Neoliberal University shows the different ways institutions individuals and corporations are interacting with university athletics in ways that are profoundly shaped by neoliberal ideologies
