Maxwell,1902 **A Natural Year** Michael Fewer,2020-03-02 In A Natural Year critically acclaimed travel writer Michael Fewer celebrates the everyday wonder of Irish nature in these beautifully written diaries observed from his homes in south Dublin and rural Waterford in which he delights at the startling beauty and extraordinary complexity of the natural world through the tranquil rhythms of the passing seasons Fewer's infectious passion for his subject simply inspires our own observation and suggests how careful study of the natural world around us can be a sure antidote to the stresses of modern life At a time when it's essential for us to understand the crisis that faces our wildlife and environment we need to know more about the natural world around us the treasures that are being needlessly lost and the threat to our very way of life A Natural Year will open eyes and hearts to a greater understanding of the world around us and its innate beauty and fragility **The Little Man** Andy Littleton,2019-07-01 A man's journey intertwined with contemplation of his father's life and their relationship From the Back Cover HIGHEST PRAISE FOR The Little Man By ANDY LITTLETON This is indeed the story of a little man But it is far more than that It's the story of the son of a little man sorting out what truly matters in his life It is as much Andy's story as his father's Throughout the beautiful and gentle weaving of this tribute you will meet many obscure little people whose lives richly matter You will visit back roads and hidden away places few ever see or know You will walk away from the book with your own haunting longing to see the world as small quiet and full of grace Rod Hugen Pastor at The Village Community in Tucson The Little Man presents a man whose simple life is a pleasant contrast to the models of manhood and fatherhood usually presented to us today Leroy was a down to earth man who achieved what every father desires the admiration of his son This story gives fathers an opportunity to reflect on the way their life teaches their kids For children it reminds us to celebrate and enjoy quiet lessons taught to us over a lifetime Jesse Wood Pastor of Naco Christian Church Founder of Cafe Cultiva It's rare to get a peak inside the head of the quiet of the unassuming and the overlooked The Little Man does much to bring out beauty in small places wonder and grace in the dusty quiet in between of open spaces and the people that fill it The story is told through a tender relationship of son to father which makes the usually unspeakable all the more heartfelt Amy Smith Owner Manager Exo Roast Co *The Sportsman's Magazine of Life in London and the Country* ,1845 Chambers's Edinburgh Journal ,1872 Chambers's Edinburgh journal, conducted by W. Scotland Valerie M. Thom,2010-11-30 The most important work on the birds of Scotland ever published British Birds This comprehensive study and review of the birds in Scotland follows on from where the celebrated two volumes of The Birds of Scotland 1953 by Dr Baxter and Miss Rintoul left off It does more than that however since not only has there been a profound increase in ornithological coverage and data as reflected in the species accounts there have also been great changes in habitat and environment since the days of Baxter there are also brief summaries of earlier data based on the researches of Baxter Rintoul In all 497 species are dealt with The texts of major species accounts are complemented by 173 distribution maps and many tables of relevant data and there are 129 species drawings by a team of artists under the editorship of Donald Watson who also contributes chapter head pieces and other drawings A section of photographs illustrates the varied habitats typical of Scotland today There are further appendices and an extensive bibliography The book will be of great interest to all birdwatchers in Scotland but of special value too to the many thousands of birdwatching visitors from elsewhere in these islands and from countries abroad The Scottish Ornithologists Club for whom the book is published and all whose records and researches made the author s work possible have reason to be proud of Valerie Thom s achievement
