Odinic Freemasonry:

The Rationale and Ethics of Freemasonry Augustus C. L. Arnold, 1858 The National Freemason , 1863 Odinic Freemasonry Aug C. L. Arnold, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work JEWELS OF MASONIC ORATORY L.S. MYLER, 1898 *Northern Freemason* , 1910 **Philosophical History of Free-masonry and Other Secret Societies** Augustus C. L. Arnold, 1854 The Secret Teachings Of All Ages Manly P Hall, 1973 Secret Teachings of All Ages Manly Palmer Hall, 2005-02-09 Manly Palmer Hall wrote this book at age twenty one and self published it later in his mid twenties The book is pure conceptual truth without bogging ourselves down with the details Great read for anyone who likes Joseph Campbell and wishes to follow up on the Power of Myth and get into the right hand occult **The Freemason's Monthly Magazine** , 1847 *The Obelisk and Freemasonry According to the Discoveries of Belzoni and Commander Gorringe* John Adam Weisse, 1880 *An Encyclopaedia of Freemasonry* Albert Mackley, 2023-05-15 Reprint of the original first published in 1874 *The Secret Trachings of All Ages* Manly Palmer Hall, 2020-09-28 NUMEROUS volumes have been written as commentaries upon the secret systems of philosophy existing in the ancient world but the ageless truths of life like many of the earth s greatest thinkers have usually been clothed in shabby garments The present work is an attempt to supply a tome worthy of those seers and sages whose thoughts are the substance of its pages To bring about this coalescence of Beauty and Truth has proved most costly but I believe that the result will produce an effect upon the mind of the reader which will more than justify the expenditure Work upon the text of this volume was begun the first day of January 1926 and has continued almost uninterruptedly for over two years The greater part of the research work however was carried on prior to the writing of the manuscript The collection of reference material was begun in 1921 and three years later the plans for the book took definite form For the sake of clarity all footnotes were eliminated the various quotations and references to other authors being embodied in the text in their logical order The bibliography is appended primarily to assist those interested in selecting for future study the most authoritative and important items dealing with philosophy and symbolism To make readily accessible the abstruse information contained in the book an elaborate topical cross index is included I make no claim for either the infallibility or the originality of any statement herein contained I have studied the fragmentary writings of the ancients sufficiently to realize that dogmatic utterances concerning their tenets are worse than foolhardy Traditionalism is the curse of modern philosophy particularly that of the European schools While many of the statements contained in this treatise may appear at first wildly fantastic I have sincerely endeavored to refrain from haphazard metaphysical speculation presenting the material as far as possible in the spirit rather than the letter of the original authors By assuming responsibility

only for the mistakes which may appear herein I hope to escape the accusation of plagiarism which has been directed against nearly every writer on the subject of mystical philosophy Having no particular ism of my own to promulgate I have not attempted to twist the original writings to substantiate preconceived notions nor have I distorted doctrines in any effort to reconcile the irreconcilable differences present in the various systems of religio philosophic thought The entire theory of the book is diametrically opposed to the modern method of thinking for it is concerned with subjects openly ridiculed by the sophists of the twentieth century Its true purpose is to introduce the mind of the reader to a hypothesis of living wholly beyond the pale of materialistic theology philosophy or science The mass of abstruse material between its covers is not susceptible to perfect organization but so far as possible related topics have been grouped together An Encyclopaedia of Freemasonry and Its Kindred Sciences Albert Gallatin Mackey,1874 *History and Philosophy of Freemasonry and Other Secret Societies* Augustus C. L. Arnold,1866 The Freemasons' Monthly Magazine ,1846 The Freemason's Repository ,1885 **The Return of Odin** Richard Rudgley,2018-03-13 A controversial examination of the influence and presence of the Norse god Odin in contemporary history and culture Documents Odin s role in the rise of Nazi Germany the 1960s counterculture revolution nationalist and ecological political movements and the occult revival Examines the spiritual influence of Odin in relation to Jesus Christ Profiles key individuals instrumental in the rise of the modern pagan renaissance Exploring the influence of the Norse god Odin in the modern world Richard Rudgley reveals Odin s central role in the pagan revival and how this has fueled a wide range of cultural movements and phenomena including Nazi Germany the 1960s counterculture revolution the Lord of the Rings the ecology movement and the occult underground Rudgley argues that it is Odin and not Jesus Christ who is the single most important spiritual influence in modern Western civilization He analyzes the Odin archetype first revealed by Carl Jung s famous essay on Wotan in the context of pagan religious history and explains the ancient idea of the Web a cosmic field of energies that encompasses time space and the hidden potentials of humanity the pagan equivalent to the Tao of Eastern tradition The author examines the importance of the concept of wyrd which corresponds to fate or destiny exploring techniques to read destiny such as the Runes as well as the existence of yoga in prehistoric and pagan Europe which later produced the Norse Utisetia an ancient system of meditation Rudgley documents how the Odin archetype came into play in Nazi Germany with the rise of Hitler and the pagan counterculture of the 1960s He examines how the concept of subterranean and mythic realms such as the Hollow Earth Thule and Agartha and mysterious energies like Vril were manifested in both occult and profane ways and investigates key occult figures like Madame Blavatsky Guido von List and Karl Wiligut He provides pagan analyses of Tolkien and the Lord of the Rings and documents the impact the Odin archetype has had on nationalist and fascist groups in America and Europe Examining pagan groups in Europe and America that use the Norse template Rudgley reveals true paganism as holistic and intimately connected with the forces at work in the life of the planet Showing how this green paganism can be beneficial for dealing with the adverse consequences

of globalization and the ongoing ecological crisis he explains how when repressed the Odin archetype is responsible for regressive tendencies and even mass psychosis a reflection of the unprecedented chaos of Ragnarok but if embraced the Odin archetype makes it possible for like minded traditions to work together in the service of life

Encyclopedia Of Freemasonry And Its Kindred Sciences, Volume 4: S-Z Albert G. Mackey, Dr Albert G Mackey appears as author of this Encyclopedia of Freemasonry and its Kindred Sciences which being a library in itself superseded most of the Masonic works which have been tolerated by the craft chiefly because none better could be obtained Here is a work which fulfils the hope which sustained the author through ten years literary labor that under one cover he would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science the philosophy and the history of his order Up to the present time the modern literature of Freemasonry has been diffuse lumbering unreliable and out of all reasonable proportions There is in Mackey s Encyclopaedia of Masonry well digested well arranged and confined within reasonable limits all that a Mason can desire to find in a book exclusively devoted to the history the arts science and literature of Masonry This is volume four out of four and covering the letters S to Z

Ancient Mysteries and Secret Societies: Foundations of Freemasonry Series Manly P. Hall, 2019-12-13 Esoteric scholar Manly P Hall covers a lot of areas relating to the ancient mysteries including common roots in religious and ritual life the practices of the Druids and how they relate to Masonry the rites of Mithras Simon Magus and the Gnostics Abraxas the Egyptian Serapis the Odinic Mysteries and how they compare the Rites of Eleusis the Orphic Mysteries Bacchus Dionysos and much more
