Christopher R. Fee, 2004-03-18 The islands of Britain have been a crossroads of gods heroes and kings those of flesh as well as those of myth for thousands of years Successive waves of invasion brought distinctive legends rites and beliefs The ancient Celts displaced earlier indigenous peoples only to find themselves displaced in turn by the Romans who then abandoned the islands to Germanic tribes a people themselves nearly overcome in time by an influx of Scandinavians With each wave of invaders came a battle for the mythic mind of the Isles as the newcomer s belief system met with the existing systems of gods legends and myths In *Gods Heroes and Kings* medievalist Christopher Fee and veteran myth scholar David Leeming unearth the layers of the British Isles unique folkloric tradition to discover how this body of seemingly disparate tales developed The authors find a virtual battlefield of myths in which pagan and Judeo Christian beliefs fought for dominance and classical Anglo Saxon Germanic and Celtic narrative threads became tangled together The resulting body of legends became a strange but coherent hybrid so that by the time Chaucer wrote *The Wife of Bath s Tale* in the fourteenth century a Christian theme of redemption fought for prominence with a tripartite Celtic goddess and the Arthurian legends of Sir Gawain itself a hybrid mythology Without a guide the corpus of British mythology can seem impenetrable Taking advantage of the latest research

Fee and Leeming employ a unique comparative approach to map the origins and development of one of the richest folkloric traditions. Copiously illustrated with excerpts in translation from the original sources, *Gods, Heroes and Kings* provides a fascinating and accessible new perspective on the history of British mythology. Norse Mythology Rasmus Björn Anderson, 1884. Velobinding with Card stock Covers printed on Acid Free paper. Dialogical Engagement with the Mythopoetics of Currere Brian Casemore, 2022-05-18. This volume showcases a series of chapters that elaborate on Mary Aswell Doll's contributions to the field of curriculum theory through her examination of currere as a mythopoetics. By bringing Doll's Jungian autobiographical and literary perspectives into conversation with emergent forms of subjective inquiry including aesthetic concepts, ecological questions and spiritual themes, the volume foregrounds the originality and significance of Doll's book *The Mythopoetics of Currere* in particular while simultaneously extending it and demonstrating its applications in various scholarly conversations. Leading scholars in the field of curriculum studies such as William F. Pinar and Molly Quinn demonstrate how they use Doll's ideas as pedagogy as theoretical framing for their work and as the basis of their own study and self-exploration. A response essay from Doll herself concludes the text bringing further thought and insight to the mythopoetic dimensions of currere. This text will benefit scholars, academics and students in the fields of curriculum studies, curriculum theory and the foundations of education more broadly. Teachers and teacher educators interested in the conceptualization of curriculum in humanities education will also benefit from this volume. **Leveled Texts: Odin's Eye** Stephanie Paris, 2014-01-01.
