Subject Guide to Books in Print, 1997 Secret Origins of Cultures on Earth: A Panoramic Odyssey Through Times Places and Souls W.K.S. PhD (c), Review of Secret Origins of Cultures on Earth Secret Origins of Cultures on Earth is a panoramic odyssey through deep time weaving history myth genetics archaeology linguistics and spirituality into an encyclopedic narrative of Earth's peoples This book defies conventional timelines spanning hundreds of thousands of years and introduces forgotten or marginalized civilizations with poetic flair and visual reverence The text is rich with sensory detail flavored by incense smoke drumbeats clay dust and whispered ancestral rituals Each region is more than a geographical space it becomes a sentient character shaped by flora fauna ancestral memory and celestial observation Khoisan trance dances the Rain Bull ritual and the Rainforest's Nkisi are described with mystical depth Meanwhile ancient catastrophes forced migrations and colonization receive unflinching detailed attention What elevates the book beyond ethnography or history is its artistic tone evocative language and dreamlike structure offer not only facts but feelings The writing interlaces scientific information mitochondrial DNA early tool use genetic markers with sensual immersion and metaphysical musing where desert storms lunar alignments and ceremonial baths coexist with trauma and truth The inclusion of suppressed histories child sacrifices slavery complicity colonial distortions adds urgency and honesty Figures like the Lemba Grimaldi Tippu Tip and Efunroye Tinubu are resurrected with clarity and power The book does not sanitize history it amplifies it with brutal truths and sacred rituals Secret Origins of Cultures on Earth is unlike any academic or spiritual book it occupies its own genre historical spiritual ethnopoetics The author re-centers the global narrative on indigenous voices matriarchal echoes and cosmological wisdom Every culture from Khoisan to Han Sumerian to Anatolian is granted origin myths aesthetic beauty and scientific grounding Visually the layout supports this feeling of ancient reverence The images symbols and maps are intentionally curated to awaken the senses and the subconscious Rather than simply display architecture or clothing the illustrations feel like visual spells meant to restore lost memory Secret Origins of Cultures on Earth is not for passive reading it invites active reorientation It compels questioning of Eurocentric timelines Abrahamic doctrine and capitalist materialism It demands respect for the spirits of the land and the truths buried under empire and industry In short it is revolutionary in voice beautiful in form and urgent in purpose **The China Odyssey** James J.
