Oedipus Anne:

Oedipus Anne Diana Hume George, 1987 Merging feminist and Freudian psychoanalytic approaches this volume creates an illuminating portrait of Anne Sexton a female hero in the tradition of Oedipus and his tragic quest for truth George shows how Sexton's quest for knowledge transformed her into an embattled prophet as well as a tragic victim of her culture's malaise and how she explored the cultural myths and archetypal relationships between parent and child man and woman divine and human She contends that out of this exploration blossomed a poetry that is powerful moving and significant to mid 20th century artistic and psychic life ISBN 0 252 01298 4 24 95

Anne Sexton Diane Middlebrook, 1992-10-27 Anne Sexton began writing poetry at the age of twenty nine to keep from killing herself She held on to language for dear life and somehow in spite of alcoholism and the mental illness that ultimately led her to suicide managed to create a body of work that won a Pulitzer Prize and that still sings to thousands of readers This exemplary biography which was nominated for the National Book Award provoked controversy for its revelations of infidelity and incest and its use of tapes from Sexton's psychiatric sessions It reconciles the many Anne Sextons the 1950s housewife the abused child who became an abusive mother the seductress the suicide who carried kill me pills in her handbag the way other women carry lipstick and the poet who transmuted confession into lasting art

The New Anthology of American Poetry Steven Gould Axelrod, Camille Roman, Thomas Travisano, 2012-04-15 Steven Gould Axelrod Camille Roman and Thomas Travisano continue the standard of excellence set in Volumes I and II of this extraordinary anthology Volume III provides the most compelling and wide ranging selection available of American poetry from 1950 to the present Its contents are just as diverse and multifaceted as America itself and invite readers to explore the world of poetry in the larger historical context of American culture Nearly three hundred poems allow readers to explore canonical works by such poets as Elizabeth Bishop Robert Lowell and Sylvia Plath as well as song lyrics from such popular musicians as Bob Dylan and Queen Latifah Because contemporary American culture transcends the borders of the continental United States the anthology also includes numerous transnational poets from Julia de Burgos to Derek Walcott Whether they are the works of oblique avant gardists like John Ashbery or direct populist poets like Allen Ginsberg all of the selections are accompanied by extensive introductions and footnotes making the great poetry of the period fully accessible to readers for the first time

James and John Stuart Mill Bruce Mazlish, 1988-01-01 The story of James and John Stuart Mill is one of the great dramas of the 19th century In the tense yet loving struggle of this extraordinarily influential father and son we can see the genesis of evolution of Liberal ideas about love sex and women wealth and work authority and rebellion which ushered in the modern age The result of more than a decade of research and reflection this is a study of the relationship between James Mill the self made utilitarian philosopher who tried with only partial success to shape his son in his own image Mazlish integrates psychology and intellectual history as part of his larger and continuing effort to spur deeper understanding of the character limitations and possibilities of the social sciences John

Stuart Mill's rebellion against a joyless loveless upbringing one in strict accordance with the principles of Utilitarianism was rooted in a powerful Oedipal struggle against his father's authority Mazlish describes this rebellion as playing an important role in the genesis of classical nineteenth century liberalism Behind this intellectual development were the women in Mill's life Harriet the mother never mentioned by her son in his autobiography and Harriet Taylor with whom Mill lived in a scandalous if chaste ménage à trois It was this long relationship which informed his famous essay The Subjection of Women one of the most eloquent feminist statements ever written A work of brilliant historical research and psychological insights James and John Stuart Mill shows how the nineteenth century struggle of fathers and sons shaped the social transformation of society **We Heal from Memory** C. Steele, 2016-04-30 Through an examination of the poetry of Anne Sexton Audre Lorde and Gloria Anzaldúa *We Heal From Memory* paints a vivid picture of how our culture carries a history of traumatic violence child sexual abuse the ownership and enforcement of women's sexuality under slavery the transmission of violence through generations and the destruction of non white cultures and their histories through colonization According to Cassie Premo Steele the poetry of Sexton Lorde and Anzaldúa allows us to witness and to heal from such disparate traumatic events

Feast of Excess George Cotkin, 2015-11-13 In 1952 John Cage shocked audiences with 4'33" his compositional ode to the ironic power of silence From Cage's minimalism to Chris Burden's radical performance art two decades later in one piece he had himself shot the post war American avant garde shattered the divide between low and high art between artist and audience They changed the cultural landscape *Feast of Excess* is an engaging and accessible portrait of The New Sensibility as it was named by Susan Sontag in 1965 The New Sensibility sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment This inventive and jaunty narrative captures the excitement of liberation in American culture The roots of this release as Cotkin demonstrates began in the 1950s boomed in the 1960s and became the cultural norm by the 1970s More than a detailed immersion in the history of cultural extremism *Feast of Excess* raises provocative questions for our present day culture *Anna Freud, Melanie Klein, and the Psychoanalysis of Children and Adolescents* Alex Holder, 2018-03-26 The central theme of this book is concerned with the controversies on technique between Anna Freud and Melanie Klein in the 1920s and 1930s and with a clear differentiation between child analysis proper and analytical child psychotherapy Alex Holder takes into account the historic background in which child psychoanalysis developed especially World War II and the Nazi regime in Germany The author also looks at the way child psychoanalysis developed in specific institutions such as the Hampstead Child Therapy Course in London and in specific areas such as the spread of child analysis in the US The concluding chapter is on the importance of knowledge of child analysis among psychoanalysts working with adults The differences in the theories of the two greats in

child analysis Anna Freud and Melanie Klein are examined one by one including such concepts as the role of transference the Oedipus complex and the superego

Disalienation Camille Robcis, 2021-05-03. From 1940 to 1945, forty thousand patients died in French psychiatric hospitals. The Vichy regime's soft extermination let patients die of cold starvation or lack of care. But in Saint-Alban-sur-Limagnole, a small village in central France, one psychiatric hospital attempted to resist. Hoarding food with the help of the local population, the staff not only worked to keep patients alive but began to rethink the practical and theoretical bases of psychiatric care. The movement that began at Saint-Alban came to be known as institutional psychotherapy and would go on to have a profound influence on postwar French thought. In *Disalienation*, Camille Robcis grapples with the historical, intellectual, and psychiatric meaning of the ethics articulated at Saint-Alban by exploring the movement's key thinkers, including François Tosquelles, Frantz Fanon, Félix Guattari, and Michel Foucault. Anchored in the history of one hospital, Robcis's study draws on a wide geographic context: revolutionary Spain, occupied France, colonial Algeria, and beyond, and charts the movement's place within a broad political-economic landscape from fascism to Stalinism to postwar capitalism.

Transgressing Boundaries Floriana Puglisi, 2006 **Confessional Poetry in the Cold War** Adam

Beardsworth, 2022-02-02. This book explores how confessional poets in the 1950s and 1960s US responded to a Cold War political climate that used the threat of nuclear disaster and communist infiltration as affective tools for the management of public life. In an era that witnessed the state-sanctioned repression of civil liberties, poets such as Robert Lowell, John Berryman, Sylvia Plath, Anne Sexton, and Randall Jarrell adopted what has often been considered a politically benign confessional style. Although confessional writers have been criticized for emphasizing private turmoil in an era of public crisis, examining their work in relation to the political and affective environment of the Cold War US demonstrates their unique ability to express dissent while averting surveillance. For these poets, writing the fear and anxiety of life in the bomb's shadow was a form of poetic doublespeak that critiqued the impact of an affective Cold War politics without naming names.
