The Gendered Cyborg Fiona Hovenden,Linda Janes,Gill Kirkup,Kathryn Woodward,2013-09-13 The Gendered Cyborg explores the relationship between representation technoscience and gender through the metaphor of the cyborg The contributors argue that the figure of the cyborg offers ways of thinking about the relationship between culture and technology people and machines which disrupt the power of science to enforce the categories through which we think about being human male and female Taking inspiration from Donna Haraway s groundbreaking Manifesto for Cyborgs the articles consider how the cyborg has been used in cultural representation from reproductive technology to sci fi and question whether the cyborg is as powerful a symbol as is often claimed The different sections of the reader explore the construction of gender categories through science the interaction of technoscience and gender in contemporary science fiction film such as Bladerunner and the Alien series debates around modern reproductive technology such as ultrasound scans and IVF assessing their benefits and constraints for women issues relating to artificial intelligence and the internet

The Hamburg Dramaturgy by G.E. Lessing Natalya Baldyga,2018-10-26 While eighteenth century playwright and critic Gotthold Ephraim Lessing made numerous contributions in his lifetime to the theater the text that best documents his dynamic and shifting views on dramatic theory is also that which continues to resonate with later generations the Hamburg Dramaturgy Hamburgische Dramaturgie 1767 69 This collection of 104 short essays represents one of the eighteenth century s most important critical engagements with the theater and its potential to promote humanistic discourse Lessing s essays are an immensely erudite deeply engaged witty ironic and occasionally scathing investigation of European theatrical culture bolstered by deep analysis of Aristotelian dramatic theory and utopian visions of theater as a vehicle for human connection This is the first complete English translation of Lessing s text with extensive annotations that place the work in its historical context For the first time English language readers can trace primary source references and link Lessing s observations on drama theory and performance not only to the plays he discusses but also to dramatic criticism and acting theory This volume also includes three introductory essays that situate Lessing s work both within his historical time period and in terms of his influence on Enlightenment and post Enlightenment theater and criticism The newly translated Hamburg Dramaturgy will speak to dramaturgs directors and humanities scholars who see theater not only for entertainment but also for philosophical and political debate

Œuvres complètes de Voltaire (Complete Works of Voltaire) 75A Voltaire,2009-08-10 Part of the complete works of the French philosopher historian and social reformer Voltaire Contains Voltaires s defence of the Comte de Morangies as well as campaigning works opposing the enemies of the philosophes For

students and scholars of the 18th century Enlightenment **Bolingbroke's Political Writings** Bernard Cottret, 2015-12-30

In turn Tory minister Jacobite renegade English philosopher and anti minister Bolingbroke has elicited mixed reactions from his compatriots both contemporaries and historians Bernard Cottret discusses here his political writings in the context of contemporary thought in England and France His analyses of *A Dissertation upon Parties* and *The Idea of a Patriot King* are supported by a full mid eighteenth century political thought **The Eighteenth Century**, 1970 *Reading 1759* Shaun Regan, 2013

Reading 1759 investigates the literary culture of a remarkable year in British and French history writing and ideas Familiar to many as the British year of victories during the Seven Years War 1759 was also an important year in the histories of fiction philosophy ethics and aesthetics *Reading 1759* is the first book to examine together the range of works written and published during this crucial year Offering broad coverage of the year's work in writing these essays examine key works by Johnson Voltaire Sterne Adam Smith Edward Young Sarah Fielding and Christopher Smart along with such group projects as the *Encyclopédie* and the literary review journals of the mid eighteenth century Organized around a cluster of key topics the volume reflects the concerns most important to writers themselves in 1759 This was a year of the new and the modern as writers addressed current issues of empire and ethical conduct forged new forms of creative expression and grappled with the nature of originality itself Texts written and published in 1759 confronted the history of Western colonialism the problem of prostitution in a civilized society and the limitations of linguistic expression Philosophical issues were also important in 1759 not least the thorny question of causation while in France state censorship challenged the *Encyclopédie* the central Enlightenment project Taking into its purview such texts and intellectual developments *Reading 1759* puts the literary culture of this singular and singularly important year on the scholarly map In the process the volume also provides a self reflective contribution to the growing body of annualized studies that focus on the literary output of specific years **Œuvres complètes de Voltaire (Complete Works of Voltaire)** 30A Voltaire, 2003-12-02

Part of the complete works of the French philosopher historian and social reformer Voltaire Contains the plays *Semiramis* and *La Femme qui a raison* an address to the French Academy and some poetry For students and scholars of the 18th century Enlightenment *The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800* George Watson, Ian R. Willison, 1971-07-02

More than fifty specialists have contributed to this new edition of volume 2 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **A catalogue of the library of ... Evans. [With] A suppl. The books will be sold 13 July, 1812, and the 3 following days [and] The prices of the Roxburghe library. [With] A suppl. [and] The prices G. and W. Nicol,1812 **A Catalogue of the Library of the Late John, Duke of Roxburghe** John Ker Duke of Roxburghe,1812 **The Hatred of Literature** William Marx,2018-01-08 For 2 500 years literature has been condemned in the name of authority truth morality and society But in making explicit what a society expects from literature anti literary discourse paradoxically asserts the validity of what it wishes to deny The threat to literature s continued existence William Marx writes is not hatred but indifference *The Life of Wisdom in Rousseau's "Reveries of the Solitary Walker"* Thomas L. Pangle,2023-04-15 The Life of Wisdom in Rousseau s Reveries of the Solitary Walker is the first complete exegesis and interpretation of Rousseau s final and culminating work showing its full philosophic and moral teaching The Reveries has been celebrated as a work of literature that is an acknowledged acme of French prose writing Thomas L Pangle argues that this aesthetic appreciation necessitates an in depth interpretation of the writing s complex and multileveled intended teaching about the normatively best way of life and how essential this is for a work that was initially bewildering Rousseau stands out among modern political philosophers in that he restored to political philosophy what Socrates and his students from Plato and Xenophon through Aristotle and the Stoics and Cicero had made central and that the previous modern Enlightenment philosophers had eclipsed the study of the life and soul of the exemplary independent sage as possessor of human wisdom Rousseau made this again the supreme theme and source of norms for political philosophy and for humanity s moral as well as civic existence In his analysis of The Reveries Pangle uncovers Rousseau s most profound exploration and articulation of his own life personality soul and thought as the man of nature enlightened by reason He describes in Rousseau s final work the fullest embodiment of the experiential wisdom from which flows and to which points Rousseau s political and moral philosophy his theology and his musical and literary art

series of newspaper writings concerned France especially during the first four years of the Revolution of 1830 and Ireland especially during December 1846 and January 1847 when various proposals for relief of the starving cottiers were being debated Mill felt himself peculiarly fitted to explain French affairs and Irish solutions to the non comprehending and wrong headed English But his pen was wielded wherever he saw stupidity and narrowness and he found them in astonishingly varied areas He tried to explain to his obdurate countrymen the first principles of law reform political economy relations between the sexes democracy international law and much more Virtually none of these texts have been reprinted before this volume The Introduction by Ann Robson sets the items in their historical and personal perspective and draws out the implications for Mill s life and thought The Textual Introduction by John Robson gives an account of the sources of the texts and lays out principles and methods followed in the editing The Mill that emerges from these pages is a fighting journalist uninhibited forthright and often brilliantly satirical testing his theoretical opinions in the real world gradually maturing and developing a practical philosophy whose influence has been felt well into our own time
