**Of Benefit to Oneself and Others** Xingyun, Hsing Yun, 2002 The six perfections paramitas namely giving charity upholding the precepts patience diligence meditation and prajna wisdom are often thought of as part of the Mahayana Buddhism's bodhisattva path The word paramita in Sanskrit means to cross over the implication is that by practicing these perfections one can cross over from Samsara the world of birth death and suffering to Nirvana the ultimate bliss Venerable Master Hsing Yun writes These six perfections will benefit not only others but the one who practices them as well They are for the liberation of others and also for oneself they belong to others and oneself      **Pearls of Wisdom** Hsing Yun, 2003-03 Among the many offerings that Buddhists make to the Buddha are incense flowers candles and fruit We make these offerings out of respect to the Buddha not because the Buddha demands such offerings or because we expect to be rewarded by the Buddha for our offerings We also offer ourselves when we bow and prostrate before the Buddha To this list of offerings we may also add our words in the form of prayers to the Great Compassionate Buddha Venerable Master Hsing Yun has written this beautiful and comprehensive collection of Buddhist prayers to help Buddhists of all schools to focus their thoughts and to offer to the Buddha beautiful words of praise gratitude and thanksgiving It is our hope that readers of these prayers will meditate upon the words and how they apply to their lives will see their situations through the eyes of wisdom and will act to bring about the changes that they desire in their lives On the path towards enlightenment we will receive help from many sources and prayer or praise offerings will play a major role for many practitioners It is hoped that these special prayers by Venerable Master Hsing Yun will take the reader far along the path towards enlightenment Book jacket      **The Six Perfections** Dale Stuart Wright, 2009 Here is a lucid accessible and inspiring guide to the six perfections Buddhist teachings about six dimensions of human character that require perfecting generosity morality tolerance energy meditation and wisdom Drawing on the Diamond Sutra the Large Sutra on Perfect Wisdom and other essential Mahayana texts Dale Wright shows how these teachings were understood and practiced in classical Mahayana Buddhism and how they can be adapted to contemporary life in a global society What would the perfection of generosity look like today for example What would it mean to give with neither ulterior motives nor naiveté Devoting a separate chapter to each of the six perfections Wright combines sophisticated analysis with real life applications Buddhists have always stressed self cultivation the uniquely human freedom that opens the possibility of shaping the kind of life we will live and the kind of person we will become For those interested in ideals of human character and practices of self cultivation The Six Perfections offers invaluable guidance      □□□□□□ Xingyun, Hsing Yun, 2002 The name Buddha comes from a verb that means to awake When asked what sort of creature he was a man a god an angel the Buddha replied I am awake The life of a Buddhist then is a life dedicated to awakening Whether through intellectual understanding meditation practice or both the Buddhist is continually awakening to the true nature of things and of himself In this book Venerable Master Hsing Yun offers thirty six brief essays as guides to living the Awakening

Life Most of the essays are divided into four or five main points as brief as they are they offer rich opportunities for deep contemplation Pondering these little gems can lead to greater awakening in every person s life *Between Ignorance and Enlightenment* Xingyun,2002 **The Six Perfections** ,1998-01-01 The Six Perfections of generosity ethical discipline patience enthusiastic effort concentration and wisdom are practiced by Bodhisattvas who have the supreme intention of attaining enlightenment for the sake of others These six are perfections because they give rise to complete enlightenment Practice of them also insures the attainment of an excellent body and mind in the future and even more favorable conditions for effective practice than those we enjoy at present Generosity leads to the enjoyment of ample resources ethical discipline gives a good rebirth patience leads to an attractive appearance and supportive companions enthusiastic effort endows the ability to complete what is undertaken fostering concentration makes the mind invulnerable to distraction and wisdom discriminates between what needs to be cultivated and what must be discarded and leads to greater wisdom in the future

**BOOK JACKET** **Buddhist Ethics** Jay L. Garfield,2022 Buddhist Ethics presents an outline of Buddhist ethical thought It is not a defense of Buddhist approaches to ethics as opposed to any other nor is it a critique of the Western tradition Garfield presents a broad overview of a range of Buddhist approaches to the question of moral philosophy He draws on a variety of thinkers reflecting the great diversity of this 2500 year old tradition in philosophy but also the principles that tie them together In particular he engages with the literature that argues that Buddhist ethics is best understood as a species of virtue ethics and with those who argue that it is best understood as consequentialist Garfield argues that while there are important points of contact with these Western frameworks Buddhist ethics is distinctive and is a kind of moral phenomenology that is concerned with the ways in which we experience ourselves as agents and others as moral fellows With this framework Garfield explores the connections between Buddhist ethics and recent work in moral particularism such as that of Jonathan Dancy as well as the British and Scottish sentimentalist tradition represented by Hume and Smith
