Smith, 2005-10-25 Filled with rich illustrations discover how steamships shaped the people and places of 19th century Ontario In the nineteenth century steamships ruled the Great Lakes and rivers of Upper Canada now Ontario Powered by ever evolving engines that helped them defy the forces of wind and waves governing the progress of a sailing ship steamships sped up not only the transportation of passengers and goods throughout the province but its very settlement and growth In *Steamboats on the Lakes* marine historian Maurice D Smith brings together technological and social history From the story of the building of the first Ontario steamship in 1816 the *Frontenac* and its successors that carried vital supplies into and rich resources out of growing communities to the fire on board the passenger ship *Noronic* in 1949 an event that marked the beginning of the end for the steamboat era and the preservation of the *Segwun* Smith shows us the range and colour of these magnificent vessels history With a rich collection of paintings photographs and other illustrations from museums and archives across Ontario *Steamboats on the Lakes* tells the unique story of the boats the dangerous waters they plied and the daring entrepreneurs and hardy sailors who navigated the many rough and glorious passages of the steamships heyday

[The Money Game in Old New York](#) Clifford Browder, 2021-11-21 I got to be a millionaire afore I know d it hardly remarked the Wall Street financier Daniel Drew 1797 1879 An uneducated farm boy from Putnam County New York he became in turn a successful cattle drover a circus clown tavern keeper a shrewd Hudson River steamboat operator and an unscrupulous speculator As the colorful Uncle Daniel of Wall Street his whiskered face seamed with wrinkles and twinkling with steel gray eyes time and again he disrupted the financial markets with manipulations whereby he either won or lost millions of dollars Having got religion upon hearing a scary hell fire sermon at the age of fourteen Drew was also a fervent Methodist Rumors of his financial operations epic struggles that pitted him against Cornelius Vanderbilt Jay Gould and Jim Fisk and that subjected him to threats of arrest and even kidnapping and on one occasion to a most undignified flight from the state baffled and disturbed the Methodists who admittedly had little grasp of Wall Street but knew firsthand Brother Drew s tearful repentance at prayer meetings and his generosity in founding churches and seminaries With its dual commitment to religion and rascality Drew s career is a rich

study in contradictions an exciting chronicle of high drama and low comedy capped by bankruptcy To understand Drew in his complexity the author argues is to get a grip on the heady and exploitative age that produced him the yesterday of smartness and go ahead that helped engender the America of today Based on primary sources this is the first full fledged biography of Drew who hitherto has been known chiefly through a fictionalized and fraudulent account of 1910 The Independent ,1901

Steamboats on the Hudson River William H. Ewen,2011 The Hudson River was the cradle of American steamboating While many people think of steamboats on inland rivers like the Mississippi the type of steamboat that evolved on the Hudson was far more typical of those that operated throughout North America From Robert Fulton s steamboat through the last steamer on the river almost 170 years later these boats were an integral part of the life and commerce of the Hudson River valley Whether it was a huge 400 foot side wheeler a small freight boat excursion boats or a ferry crossing almost every river community was served by a steamboat **The Wreck of the Portland** J. North Conway,2019-07-01 The SS Portland was a solid and luxurious ship and its loss in 1898 in a violent storm with some 200 people aboard was later remembered as New England s Titanic The Portland was one of New England s largest and most luxurious paddle steamers and after nine years solid performance she had earned a reputation as a safe and dependable vessel In November 1898 a perfect storm formed off the New England coast Conditions would produce a blizzard with 100 miles per hour winds and 60 foot waves that pummeled the coast At the time there was no radio communication between ships and shore no sonar to navigate by and no vastly sophisticated weather forecasting capacity The luxurious SS Portland a sidewheel steamer furnished with chandeliers red velvet carpets and fine china was carrying more than 200 passengers from Boston to Portland Maine over Thanksgiving weekend when it ran headlong into a monstrous violent gale off Cade Cod It was never seen again All passengers and crew

were lost at sea More than half the crew on board were African Americans from Portland Their deaths decimated the Maine African American community Before the storm abated it became one of the worst ever recorded in New England waters The storm now known as The Portland Gale killed 400 people along the coast and sent more than 200 ships to the bottom including the doomed Portland To this day it is not known exactly how many passengers were aboard or even who many of them were The only passenger list was aboard the vessel As a result of this tragedy ships would thereafter leave a passenger manifest ashore The disaster has been blamed on the hubris of the captain of the Portland Hollis Blanchard who decided to leave the safety of Boston Harbor despite knowing that a severe storm was hurtling up the coast Blanchard a long time mariner had been passed over for a promotion for a younger captain He decided he wanted to show the steamship company that they had made a mistake by getting the Portland safely into port ahead of the imminent storm Author J North Conway has created here a personal visceral account of the sinking and the times and the people involved with stories to bring readers onto the Portland that day Here is Eben Heuston the chief steward onboard the ill fated ship More than half of the crew of the ship were African Americans Hueston was an African American who lived in the Portland community of Munjoy Hill and was a member of the Abyssinian Church After the sinking of the Portland the African American community disappeared and the church closed And Emily Cobba nineteen year old singer from Portland s First Parish Church who was scheduled to give her first recital at the church on that Sunday And Hope Thomas who came to Boston to shop for Christmas and because she decided to exchange some shoes she purchased missed taking the ill fated Portland Because of the lack of communications from Maine to Cape Cod it was days before anyone was able to get word about the fate of the ship or survivors Author J North Conway has painstakingly recreated the events using first hand sources and testimonies to weave a dramatic can t put it down narrative in the tradition of Erik Larson s Isaac s Storm and Walter Lord senduring classic A Night to Remember He brings the tragedy to life with contemporaneous accounts the Coast Guard from Boston newspapers such as the Globe Herald and Journal and from The New York Times and the Brooklyn DailyEagle

The Tragedy of the Royal Tar Mark Warner,2015-02-16 On October 25 1836 the sidewheel steamer Royal Tar caught fire in Maine s Penobscot Bay On board was a small circus menagerie returning to Boston from a summer long tour of the Canadian Maritimes Plagued by gale force winds and rough seas the usual overnight trip from Saint John New Brunswick stretched out to four days and on the fourth day disaster struck off the island of Vinalhaven Thirty two people and all of the circus animals perished in the tragedy Mark Warner explores the events leading up to that fateful day Beginning with the construction of the Royal Tar he traces the vessel s service history the menagerie s tour of the Maritimes the cause of the fire and details of the rescue operation
