Of Human Diversity:

Human Diversity: Its Nature, Extent, Causes And Effects On People Bernard Charles Lamb, 2015-10-28 Human diversity with its myriad of different conditions involving biology psychology and social structures remains one of the biggest challenges and opportunities facing the species With many government and private firms now having diversity or equality officers programmes or committees it is clear that human diversity is a cornerstone of policy making at the very highest echelons All this points to a need for proper scientific and medical information on this topic not soft politically correct sociology This book provides the hard facts on human similarities and differences their causes and effects on people It covers the whole range from normal to extreme human types and presents for the first time much of the author's 25 years of original research on the subject It can also act as a family medical guide to aspects of human function structure and disease It covers many human topics in a humane and understandable fashion providing much material for information and discussion It can be used as a handbook or textbook on human diversity but is mainly popular science for the general public A special feature of this book is the 140 colour photos that illustrate the diversity of human life nearly all taken by the author himself Given the vast nature of the subject the book seamlessly integrates relevant data from multiple disciplines including medicine biology anthropology genetics psychology evolution languages sociology history and geography Even controversial subjects such as race class and culture are tackled head on with no nonsense scientific rigour

Human Diversity Charles Murray, 2020-01-28 All people are equal but as Human Diversity explores all groups of people are not the same a fascinating investigation of the genetics and neuroscience of human differences The thesis of Human Diversity is that advances in genetics and neuroscience are overthrowing an intellectual orthodoxy that has ruled the social sciences for decades The core of the orthodoxy consists of three dogmas Gender is a social construct Race is a social construct Class is a function of privilege The problem is that all three dogmas are half truths They have stifled progress in understanding the rich texture that biology adds to our understanding of the social political and economic worlds we live in It is not a story to be feared There are no monsters in the closet Murray writes no dread doors we must fear opening But it is a story that needs telling Human Diversity does so without sensationalism drawing on the most authoritative scientific findings celebrating both our many differences and our common humanity

Race and Human Diversity Robert L. Anemone, 2019-02-18 Race and Human Diversity is an introduction to the study of human diversity in both its biological and cultural dimensions Robert L Anemone examines the biological basis of human difference and how humans have biologically and culturally adapted to life in different environments The book discusses the history of the race concept evolutionary theory human genetics and the connections between racial classifications and racism It invites students to question the existence of race as biology but to recognize race as a social construction with significant implications for the lived experience of individuals and populations This second edition has been thoroughly revised with new material on human genetic diversity developmental plasticity and

epigenetics There is additional coverage of the history of eugenics race in US history citizenship and migration affirmative action and white privilege and the burden of race Fully accessible for undergraduate students with no prior knowledge of genetics or statistics this is a key text for any student taking an introductory class on race or human diversity Chapter 9 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
