Love and Courage Robert Francis, 2020-09-15 While I was doing my writing for this book Suddenly it came to me realizing why love as the power to withstand any circumstances and became victorious If you think about it for real there are icons in every form of status or with whom of great faculties on this planet earth cannot touch love Or even to say mess it up soil it up or to have love corrupt Or even to change the character of what love represent Love stand alone in the uniqueness of its power and purity But always there for anyone to feel its energy or I should say his energy in any given situation God is love keep in mind and the passion of love have no puff up pride of his character Love inspired forgiveness to set us free Uniquely this is what this book is talking about love forgiveness courage and loyalty towards the journey of life With all the circumstances in life love take you on his shoulders and carve you out like a shining star There are no situations that are too hard for courage forgiveness and loyalty And its all coming from the power of love This book through the spirit of the Almighty God will reset your perspectives through life journey I can say this for sure that many of us is taking on too much responsibilities without inviting God Almighty on their sides They didn't consult with the Most Holy and Wise One and we end up pay the price of regrets Proverbs 10:1 said a wise son makes a glad Father but a foolish son is a grief to his Mother Love is an inspiration to the human heart Never the less we only can follow the foot prints of love to have love he is the door keeper and comforter Love have the voice to be heard over the highest mountain and down in the deepest valley Love can melt the heart of stone and brings back positive when the darkness of negative covers the soul We all needs the character of love the glory of love and the power of love to our guide and friend When the heart of men recognize love there is a spiritual light shines on us where we are free to see more of his glory and power The presence of God the creator is the presence of love who is the reviver of our soul when we are spiritual dead love give us back life

[The Power of Love and Democracy in the Philosophies of](#)

Martin Luther King, Jr. and Cornel West Timothy L. Lake, 2025-09-18 This book locates an ethic of love as central to the democratic philosophies of Martin Luther King Jr and Cornel West While much has been written about King s moral vision social activism and theology there has been no book length treatment of the implications of his thinking to democratic theory Additionally Cornel West is the leading African American public intellectual of our time but the range of his cultural criticism and academic scholarship obscures his intellectual and social projects This project synthesizes West s vast corpus and places him within the modern African American intellectual tradition he shares with Du Bois King Maulana Karenga the creator of Kwanza and others Deeply grounded in the African American intellectual and philosophical traditions in which King and West are rooted as well as the Western mainstream political philosophical traditions in which they were educated this book offers a penetrating interpretation and comparative analysis of their thought on the ideals of democracy and of their critiques of American democracy It also reflects on the nature and values of democracy exploring how love is inseparable from justice in a democratic society

Politics and the Order of Love Eric Gregory, 2008-08-15 Augustine for all of his influence on Western culture and politics was hardly a liberal Drawing from theology feminist theory and political philosophy Eric Gregory offers here a liberal ethics of citizenship one less susceptible to anti liberal critics because it is informed by the Augustinian tradition The result is a book that expands Augustinian imaginations for liberalism and liberal imaginations for Augustinianism Gregory examines a broad range of Augustine s texts and their reception in different disciplines and identifies two classical themes which have analogues in secular political theory love and related notions of care solidarity and sympathy and sin as well as related notions of cruelty evil and narrow self interest From an Augustinian point of view Gregory argues love and sin constrain each other in ways that yield a distinctive vision of the limits and possibilities of politics In providing a constructive argument for Christian participation in liberal democratic societies Gregory advances efforts to revive a political theology in which love s relation to justice is prominent **Politics and the Order of Love** will provoke new conversations for those interested in Christian ethics moral psychology and the role of religion in a liberal society
