**Offside Trap** Kiru Taye,2025-05-27 The thing about an offside trap You don't see it coming Diaye Zambo is one of the best defenders in the English Premier league But now it's not a striker dogging his heels it's one scandal after the other Forced on the sidelines both professionally and personally while no team wants to touch him with a ten foot pole his life can't get any lower A stint in Nigeria back home to see his grandmother seems like the only thing he can do as the fates decide his future Oseki Seki Asemote is a compassionate nurse juggling two jobs to stay afloat and keep her family together The last thing she has time for is a hot headed football player from the UK who thinks the sun shines out of his arse But Diaye is her employer's grandson and she'll keep the peace for her even if the too hot man makes her want to pull her hair out in the same breath as her knickers Then providence shines Viva City FC wants Diaye on their team but this offer comes with strings He has to prove his days of scandal are behind him for example by taking a wife There's no way Diaye will turn his back on playing football and if it comes with the noose of marriage he will bite down According to his grandma Seki's the perfect candidate If she marries him she gets an all expenses paid opportunity to study for her master's degree in England which will set her and her family up for a better life A marriage of convenience on paper shouldn't be hard But real life is another matter when your spouse gets under your skin and in your blood Suddenly the opposition is neither on the pitch nor on the sidelines It's in their hearts as passion and feelings get involved This is supposed to be play acting for a few years and the first rule is not to succumb What happens when off side is now on side and pretend starts to look too real Step into the thrilling world of professional footballers in the Viva City FC Books series

between humanity and equine companions painting a vivid portrait of the role of horses in Victorian society Through a blend of lyrical prose and practical observation Henderson explores themes of utility beauty and the emotional bond between horse and rider Set against the backdrop of the late 19th century the book captures a pivotal moment in equestrian culture emphasizing the rise of recreational riding alongside traditional uses which elucidates the shifting perceptions of horses during this transformative period The narrative is adorned with personal anecdotes and detailed descriptions reflecting a style that resonates with the era s appreciation for both nature and craftsmanship Robert Henderson active from 1866 to 1874 was a dedicated horseman and a keen observer of societal customs pertaining to equestrian life His experiences as a rural equestrian not only inform the vivid portrayals within the text but also reveal his nuanced understanding of the interplay between socioeconomic factors and horse culture during his time Henderson s passion for horses is evident driven by a desire to capture and articulate the essence of these noble creatures in a rapidly industrializing world I highly recommend *The Barb and the Bridle* to readers interested in equestrianism Victorian literature or the nuanced connections between humans and animals Henderson s work serves as both a historical document and a heartfelt tribute making it essential for anyone seeking a deeper appreciation of the equine legacy
