Hydrographic Office, 1884 **Lost Restaurants of Asheville** Nan K. Chase, 2019-12-02 Asheville has been a restaurant town for two centuries since stagecoaches arrived bringing the first tourists Neighborhood caf s and busy lunch counters raucous roadhouses and white linen dining rooms provided the backdrop for much of Asheville s development as a world class foodie destination Some like the Stockyard Cafe and Three Brothers Restaurant have vanished without a trace while others including the Art Deco S W Cafeteria and the Woolworth soda fountain are easy to spot because they have barely changed Longtime residents will recognize recipes for Rabbit s apple cinnamon pork chops and High Tea Caf s Eggnog Colbert Author Nan K Chase reveals the hidden history of Asheville s restaurants including the struggles of desegregation and the decades when downtown Asheville was almost dead **Otherworlds** Aisling Nora Byrne, 2016 This book offers a new perspective on the otherworlds of medieval literature These fantastical realms are among the most memorable places in medieval writing by turns beautiful and monstrous alluring

and terrifying Passing over a river or sea or entering into a hollow hill heroes come upon strange and magical realms These places are often very beautiful filled with sweet music and adorned with precious stones and rich materials There is often no darkness time may pass at a different pace and the people who dwell there are usually supernatural Sometimes such a place is exactly what it appears to be the land of heart's desire but the otherworld can also have a sinister side trapping humans and keeping them there against their will Otherworlds Fantasy and History in Medieval Literature takes a fresh look at how medieval writers understood these places and why they found them so compelling It focuses on texts from England but places this material in the broader context of literary production in medieval Britain and Ireland The narratives examined in this book tell a rather surprising story about medieval notions of these fantastical places Otherworlds are actually a lot less other than they might initially seem Authors often use the idea of the otherworld to comment on very serious topics It is not unusual for otherworld depictions to address political issues in the historical world Most intriguing of all are those texts where locations in the real world are reimagined as otherworlds The regions on which this book focuses Britain Ireland and the surrounding islands prove particularly susceptible to this characterization Sport Diver ,2004-04     **The Unofficial Guide to Las Vegas 2015** Bob Sehlinger,2014-08-18 With insightful writing up to date reviews of major attractions and a lot of local knowledge The Unofficial Guide to Las Vegas by Bob Sehlinger has it all Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum The Unofficial Guide to Las Vegas digs deeper and offers more than can any single author This is the only guide that explains how Las Vegas works and how to use that knowledge to make every minute and every dollar of your time there count With advice that is direct prescriptive and detailed it takes out the guesswork Eclipsing the usual list of choices it unambiguously rates and ranks everything from hotels restaurants and attractions to rental car companies With The Unofficial Guide to Las Vegas you know what's available in every category from the best to the worst The reader also finds fascinating sections about the history of the town and chapters on gambling The Unofficial Guide to Las Vegas emphasizes how to have fun and understand the crazy environment that is today's Vegas It's a keeper     **The Best Part of Me 2** A'zayler,2017-06-17 Have you ever prayed for something harder than you've ever prayed for anything and then it happens and you don't know if you're really ready for it Well so has Goody Praying for a good man then actually getting one were two totally different things In her mind her world would be complete if that happened so naturally when it did she was happy but then came fear Fear of what the future would hold or whether or not she was even good enough for her answered prayers Lucky for her Jerrico Blake is well equipped and intently focused on Goody and every need she has A man with many honorable traits Jerrico is a Godsend but he's not to be taken lightly Though he can withstand the toughest times with the hardest people that doesn't mean he wants to Desiring love and happiness as much as the next person Goody's rejection may have worn thin Not sure whether she's worth the fight Jerrico second guesses his initial intentions Will Goody's past destroy her future or will she be woman

enough to pick up her pieces and put her own future back together      **Count Me In** Al Simon, 2011-07-25 This book offers a new and interesting insight on blackjack Stanford Wong Blackjack Authority A look at blackjack from the eyes of a truly modern day philosopher and political satirist Paul T political analyst      Sailing Directions for Newfoundland United States. present within both the psychoanalytic encounter and the act of reading fiction Scholarly and well researched the psychoanalytic ideas presented have their basis in the work of Freud and Klein and some of their followers the extensive and innovative writing about the great authors in Western literature is equally scholarly and lucent Here Ign s Sodr explores creativity itself and specifically the impediments to creative thinking defences mostly narcissistic against dependency guilt and loss and the mis use of imagination to deny reality In her studies of the characters created by authors such as George Eliot Cervantes Flaubert Thomas Mann Proust and Shakespeare Sodr examines the way great writers create characters who mis use their imagination twisting reality into romantic daydreams or sado masochistic enactments which petrify experience and freeze the fluidity of thought Her clinical studies continue and expand this theme broadening the field and lending verification and weight to the arguments These two poles of Sodr s thinking psychoanalysis and literature interact seamlessly in Imaginary Existences the two disciplines work together each an intimate part of a learned exploration of the human condition our desires our fears and our delusions This convergence pays tribute to the great depth of the fictional work being studied and to the psychological validity of the psychoanalytic ideas This book will be of interest to psychoanalysts psychologists psychotherapists literary critics and those interested in literature and literary criticism
