Office Tax Procedures 2006 Book and Update Bowers & Vinton, 2005-12-01 **Internal Revenue Cumulative Bulletin**
United States. Internal Revenue Service, 2008 *Taxing Ourselves, fourth edition* Joel Slemrod, Jon Bakija, 2008-02-08 The
fourth edition of a popular guide to the key issues in tax reform discussing the current system and alternative proposals
clearly and without a political agenda As Albert Einstein may or may not have said The hardest thing in the world to
understand is the income tax Indeed to follow the debate over tax reform the interested citizen is forced to choose between
misleading sound bites and academic treatises Taxing Ourselves bridges the gap between the two by discussing the key
issues clearly and without a political agenda Should the federal income tax be replaced with a flat tax or sales tax Should it
be left in place and reformed Can tax cuts stimulate the economy or will higher deficits undermine any economic benefit
Authors and tax policy experts Joel Slemrod and Jon Bakija lay out in accessible language what is known and not known
about how taxes affect the economy offer guidelines for evaluating tax systems and provide enough information to assess
both the current income tax system and the leading proposals to reform or replace it including the flat tax and the
consumption tax The fourth edition of this popular guide has been extensively revised to incorporate the latest information
covering such recent developments as the Bush administration's tax cuts which expire in 2011 and the alternatives proposed
by the President's Advisory Panel on Federal Tax Reform Slemrod and Bakija provide us with the knowledge and the tools
including an invaluable voter's guide to the tax policy debate to make our own informed choices about how we should tax
