Harvey,1993     *Mismatch Explanations of European Unemployment* Horst Entorf,2012-12-06 The peristence of European unemployment stands in striking contrast to the cyclical pattern of unemployment in the US Many people attribute the rise in European unemployment to increased imbalances between the pattern of labour demand and supply in other words to

greater mismatch but existing mismatch indicators do not support this view However the obvious inference is not legitimate because the evidence is based on trended data and thus gives rise to spurious statistical results To get around the problem the author uses the dynamic flow approach to structural unemployment and disaggregated data The reader will find new results on non spurious mismatch tendencies occupational reallocation the matching of apprentices and the importance of matching and mobility for wage differentials

### **Technology Integration and Transformation of Elections in Africa**

Cosmas Uchenna Nwokefor, 2017-02-22 Technology Integration and Transformation of Elections in Africa serves as a standard textbook and a reference guide to students in both undergraduate and graduate programs in tertiary institutions where elaborate discourse on the impact of technology to political elections and advancements across the continental Africa have continued to gain weight The rationale in publishing this textbook far more outweighs its timeliness but speaks highly of its significance because it deals with technology integration and transformation of elections in Africa a region whose elections has been continuously marred by corruption and incessant fraudulent activities perpetrated by both the citizens various political parties and the umpires whose responsibilities were to present a credible election Elections in Africa draws international attention and the news is seldom good For instance the elections in Kenya fueled violence that left 1 500 dead and 300 000 displaced while elections in Zimbabwe suffered from massive fraud and brutal suppression In Nigeria in 1999 and 2011 the result of the elections were in shambles and some of the parties that lost the election took to the street resulting in the death of significant percentage of innocent people
