Officer In Trouble:

Officer in Trouble James Edward Crawford, 1992

Apb: Shots Fired Officer Down Frank N. Houston, 2018-06-29

This book is a tribute to all law enforcement officers who put their lives on the line daily for the public good. This is a thankless job. Police officers are not looking for a pat on the back or any reward for doing their job. They are simply looking for support from the very public they serve. This book takes you from initial training at the academy through the jail process and into the mean streets of the city and counties of Southern California. This book even goes further into search and rescue missions, extraditions, and the court process. *APB Officer Down: Shots Fired* is based on actual events in fictional form. Incidents like this occur across the country and even in foreign countries. Our brothers and sisters in law enforcement throughout the world understand each other. No other profession is as challenging as law enforcement. No other profession is as rewarding as law enforcement. There is no greater love than to lay down your life for another. John 15:13 *The*

First published in 1989, *Guards Imprisoned* provides an in depth look into the work and working life of prison guards as they

perceive and experience it. The author, who was a teacher at Auburn Prison, New York, discovered that little was known about the guard's perceptions of his place in the prison community and set out to explore the dynamics of this key correctional occupation from the perspective of those who do it. The raw data was provided by over 160 hours of interviews with guards and is presented in the order of a natural history from their prerecruitment images of prison to the search for satisfaction as experienced guards. The book also includes a follow up with the officers who were originally interviewed in 1976, assessing patterns of change and stability in their attitudes and behaviors. The Auburn Correctional Facility, renamed from Auburn Prison in 1970, was the second state prison in New York, the site of the first execution by electric chair in 1890, and the namesake of the famed Auburn System replicated across the country in which people worked in groups during the day, were housed in solitary confinement at night, and lived in total silence. The facility is celebrating the 200th anniversary of its
