what they know and what they do not know This conversation is the glue that keeps them together Secondly the book recognizes that there are 4 players involved and that each player has a different role depending on which seat they occupy For example the First Seat always opens the bidding Each seat has a chapter dedicated to that role Finally everything up to the play of the tricks is foreplay This book shows 13 full deals that include the play of 13 tricks in each full deal including a strategy analysis section and a lessons learned     The Notrump Zone Danny Kleinman,2004 Notrump openings and the constructive auctions that follow them are two of the most neglected areas in bridge literature Following on from his popular articles in the ACBL Bulletin Kleinman discusses the principles behind notrump bids and rebids in a variety of situations emphasising the ideas and concepts rather than attempting to teach a series of rigid rules A must for any duplicate player
