the History of the Philosophy of Mind* Simo Knuuttila,Juha Sihvola,2013-10-23 Fresh translations of key texts exhaustive
coverage from Plato to Kant and detailed commentary by expert scholars of philosophy add up to make this sourcebook the
first and most comprehensive account of the history of the philosophy of mind Published at a time when the philosophy of
mind and philosophical psychology are high profile domains in current research the volume will inform our understanding of
philosophical questions by shedding light on the origins of core conceptual assumptions often arrived at before the
instauration of psychology as a recognized subject in its own right The chapters closely follow historical developments in our
understanding of the mind with sections dedicated to ancient medieval Latin and Arabic and early modern periods of
development The volume s structural clarity enables readers to trace the entire progression of philosophical understanding
on specific topics related to the mind such as the nature of perception Doing so reveals the fascinating contrasts between
current and historical approaches In addition to its all inclusive source material the volume provides subtle expert
commentary that includes critical introductions to each thematic section as well as detailed engagement with the central
texts A voluminous bibliography includes hundreds of primary and secondary sources The sheer scale of this new publication
sheds light on the progression and discontinuities in our study of the philosophy of mind and represents a major new
sourcebook in a field of extreme importance to our understanding of humanity as a whole Sourcebook of Models for
