Precarious Enchantment A Reading Of Merediths Poetry:

Precarious Enchantment Carol L. Bernstein, 1979-01-01 George Meredith Jacqueline P. Banerjee, 2012 George Meredith was a lyrical yet searingly honest poet and an influential novelist whose fiction distilled contributed to and animated the major debates of the Victorian age He became at once an arbiter of taste in his own times and a trailblazer for modernism In many ways an extraordinary larger than life figure he has always had his admirers and critics have continued to be drawn to the biographical socio political scientific and experimental aspects of his oeuvre Some of his works including the sonnets of Modern Love his Essay on Comedy and the Uses of the Comic Spirit and novels like The Egoist have attained the status of classics The present study focuses on such works putting them in context to show how innovatively this versatile writer shaped and reshaped his material and how powerfully his inimitable voice still resonates with and challenges us in the twenty first century **Modern Love and Poems of the English Roadside, with Poems and Ballads** George

Meredith, 2013-01-08 Modern Love and Poems of the English Roadside occupies a distinctive and somewhat notorious place within George Meredith s already unique body of work Modern Love is now best known for the emotionally intense sonnet cycle which Meredith s own contemporaries dismissed as scandalously confessional and indiscreet While individual sonnets from the work have been anthologized the complete cycle is rarely included and the original edition has not been reprinted since its first appearance in 1862 This edition restores the original publication and supplements it with a range of accompanying materials that will reintroduce Meredith s astonishing collection of poetry to a new generation of readers

Victorian Poetry Isobel Armstrong, 2019-01-30 In Victorian Poetry Poetry Poetics and Politics Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic work was first published in 1993 A new chapter on the alternative fin de si cle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader s Guide Literature in

English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study **Modern Marriage and the Lyric**

Sequence Jane Hedley, 2018-06-04 Modern Marriage and the Lyric Sequence investigates the ways in which some of our best poets writing in English have used poetic sequences to capture the lived experience of marriage Beginning in 1862 with George Meredith s Modern Love Jane Hedley s study utilizes the rubrics of temporality dialogue and triangulation to bring a deeply rooted and vitally interesting poetic genre into focus Its twentieth and twenty first century practitioners have included

Edna St Vincent Millay Robert Lowell Rita Dove Eavan Boland Louise Glück Anne Carson Ted Hughes Claudia Emerson Rachel Zucker and Sharon Olds In their poetic sequences the flourishing or failure of a particular marriage is always at stake but as that relationship plays out over time each sequence also speaks to larger questions why we marry what a marriage is what our collective stake is in other people's marriages In the book's final chapter gay marriage presents a fresh testing ground for these questions in light of the US Supreme Court's affirmation of same sex marriage A Critical Companion to Jorge Semprún O. Ferrán, G. Herrmann, 2014-09-17 Presenting the first English language collection of essays on Jorge Semprún this volume explores the life and work of the Spanish Holocaust survivor author and political activist Essays explore his cultural production in all its manifestations including the role of testimony and fiction in representations of the Holocaust

The Journal of Pre-Raphaelite Studies, 1984 *Selected Poems* George Meredith, 1983 George Meredith 1828-1909 is best known as the author of *The Egoist* and *Diana of the Crossways* His poetry however notably the poems from *Modern Love* is emerging from long eclipse and this selection reveals the diversity and originality of one of the most influential writers of his time His note was trenchant turning kind Thomas Hardy wrote of him The trenchancy was characteristic of his critical perspective on an age disoriented by a prosperity which had entailed severe moral and spiritual losses The kindness was extended to those writers in whom he perceived excellence or the promise of it Though he read for the bar he turned for his living to journalism and to reading for the publishers Chapman and Hall It was in these capacities that his influence was felt In his introduction to this edition Keith Hanley Lecturer in English at Lancaster University describes Meredith's distinctive naturalism and shows how the poetry is designed to amplify and frame these human values Only a few read my verse and yet it is that for which I most care he said in old age It is in his poetry that he invested most of himself and over a very long period Thomas Hardy Robert Lowell and Tony Harrison are just three poets who have learned something from his emotional complexity and formal control And the Meredithian sonnet has certainly not been exhausted as a modern form The Reader's Adviser, 1986 **Victorian Poetry**, 1981 English Literature, 1832-1890 Paul Turner, 1989 This volume continues the story of English literature through most of the Victorian period a period that in religion and politics science and technology sociology social life and its physical environment witnessed the often painful development of modern England Paul Turner studies not only traditional genres like poetry drama and history but also scientific and technical writing art criticism and religious controversy biography autobiography travel books and books for children With over 170 authors discussed the book is a complete survey of the field as seen in the light of present day scholarship and against the context of classical and established precedents Also included is a chronological table of contemporary events historical background and a bibliography *The Journal of Pre-Raphaelite and Aesthetic Studies*, 1987 **Pre-Raphaelite Poets** Harold Bloom, 1986 A collection of critical essays discussing the poets and their work *Masking the Text* Nicholas Frankel, 2009 *English Poetry of the Victorian Period, 1830-1890* Bernard Arthur Richards, 2001 Deeply unpoetical was how Matthew Arnold

described the Victorian period and many of his contemporaries would have agreed Even to later generations poetic achievement from 1830 to 1890 seems dwarfed by the great burgeoning of the novel However English Poetry of the Victorian Period demonstrates the very real diversity and richness of Victorian poetry This was the era of Tennyson the Brownings Arnold Swinburne Clough the Rossettis and Hopkins poets who not only wrote with distinctly original voices but who also reflected the deeper tensions of their time Bernard Richards balances detailed analysis of individual poets and works with a broader perspective of the poetic spirit of the age Two new chapters have been added to this revised edition on nonsense poetry and women poets He characterises the Victorian age as one of tremendous poetic wealth related to but different from the Romantic period which preceded it and the Modernist period which followed it
