Archaeology in Dominica Mark W. Hauser, Diane Wallman, 2020-10-13 This volume examines the everyday lives of enslaved and free workers at Morne Patate an eighteenth and nineteenth century Caribbean plantation helping document the under represented history of slavery and colonialism on the edge of the British Empire Thinking with Things Esther Pasztory, 2005-08-01 At its heart Pasztory s thesis is simple and yet profound She asserts that humans create things some of which modern Western society chooses to call art in order to work out our ideas that is we literally think with things Pasztory draws on examples from many societies to argue that the art making impulse is primarily cognitive and only secondarily aesthetic She demonstrates that art always reflects the specific social context in which it is created and that as societies become more complex their art becomes more rarefied Jacket
