Character in the Short Prose of Ivan

Sergeevič Turgenev Sander Brouwer, 2023-07-10 In this book the problem of literary character is investigated in a series of detailed analyses of short stories by I S Turgenev Bezhin Lea Mumu A Journey into Poles The Dog and Punin and Baburin Up until roughly the 1920 s in Russia before Formalism the approach to character in literary criticism was based on the implicit assumption that literary character somehow reflected characters in real life who were thought to have a fixed inner essence psychological and or ideological In post formalist structuralist studies on the other hand character as it were dissolved into the textual fabric of the work In this book the basic viewpoint of structuralist theory of character namely its exclusively textual nature is retained But in that case how is the structure of character in texts of the pre modernist era to be described in which the belief in the existence of an inner essence in actual as well as in fictional characters had hardly yet been shaken In order to tackle this problem the author turns to Roman Jakobson s idea taken up and developed by W Schmid and A Hansen L ve that the meaning of a work of literature is generated by the interaction of paradigmatic and syntagmatic mechanisms The image of character in Turgenev s stories is the result of devices characteristic of narrative as well as of verbal art It is partly created with the help of leitmotifs that form sequences of equivalences and of intertextual references Thus social representation is supplemented by lyrical and philosophical overtones Comparable observations have been made by V M Markovic 1982 on Turgenev s novels as well as on those by Pu kin Gogol and Lermontov For the assessment of intra and intertextual equivalences it has been found of great importance to pay more attention than is usually done to folkloric

connotations of details in Turgenev's fictional world. Thus new layers of meaning can be uncovered in stories that have been considered well studied and a first ever interpretation is given of *The Dog* a story traditionally regarded as incomprehensible.

Elemental Magic Luiz Santos, 2024-10-30 Elemental Magic: The Hidden Realm of Fairies Elemental Magic: The Hidden Realm of Fairies opens a gateway to a universe where the visible dissolves into the subtle and each element resonates in profound harmony with the human spirit. Interweaving the power of the four elements: earth, water, fire, and air, this book unveils the mysteries of the fairies, ancient beings and guardians of nature who whisper secrets of healing, spiritual elevation, and balance to the sensitive reader. Within its pages, the author guides a mystical journey where reconnection with these primordial forces awakens the innate capacity to transform oneself and the world. Earth inspires grounding strength, fostering healing and security; water teaches emotional fluidity, leading to acceptance and renewal; fire ignites the spirit with creativity and courage; while air expands the mind, bringing clarity and the lightness of freedom. Each ritual is an invitation to realignment where the reader becomes integrated with nature's cycles and the energies of the universe. More than a guide, this work is a portal of transformation, offering a deep connection with one's spirit and the essences permeating nature's invisible life. By opening to this ancestral wisdom, the reader does not merely seek the fairies but finds in them a mirror of themselves, awakening harmony between body, mind, and soul. Elemental Magic is a holistic immersion into true magic, the rediscovery of the sacred that lives in each element, in each being, in each breath of life. A quiet invitation to rediscover the subtle bond that unites all hearts to the eternal dance of creation. Journal of American Folklore, 1916
