Children with learning disabilities need some additional support and modifications in their environment as well as in the type of activities they do. To keep Clara focus on classroom activities I intend to teach her concept in different wave and have the opportunity to practice it many times in order to learn and remember it. I will be as concrete as possible in teaching. I will demonstrate my instructions in addition to giving verbal directions. By using Hands-on learning activities she will be using all her senses that will definitely help her learn and retain information better. Afterwards, by providing immediate feedback it will help me make a good connection to my pupil. Lastly, I will have a regularly exchange of information with the parents and work with them to meet the needs of my pupil with learning disability.
