## **Safe House Holland 1940-1945:**

**Re-examining the Holocaust through Literature** Aukje Kluge, Benn E. Williams, 2009-03-26 In the late 1980s Holocaust literature emerged as a provocative but poorly defined scholarly field. The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books, fiction, film, and poetry, as well as the more traditional diaries, memoirs, and journals. Ten contributors from four countries engage issues of authenticity, evangelicalism, morality, representation, personal experience, and wish fulfillment in Holocaust literature, which have been the subject of controversies in the US, Europe, and the Middle East. Of interest to students and instructors of antisemitism, national and comparative literatures, theater, film, history, literary criticism, religion, and Holocaust studies, this book also contains an extensive bibliography with references in over twenty languages, which seeks to inspire further research in an international context. **A Safe House** Maria Jacobs, 2005

**Inseparable** Faris Cassell, 2023-09-12 See the Holocaust through the Eyes of Children. Stefan and Marion Hess's happy childhood was shattered in 1943. Torn from their home in Amsterdam, the six-year-old twins and their parents were deported to a place their mother called this dying hell: the infamous concentration camp at Bergen-Belsen. *Inseparable* is the vivid account of one family's struggle to survive the Holocaust. In the camp, the children ran from SS soldiers, making it a game to see who could get closest to the guard towers before being warned they would be shot. Stefan and Marion witnessed their father beaten beyond recognition, dodged strafing warplanes, and somehow survived in a place where the children were looking for bread between the corpses. Above all, this is the unforgettable story of a young mother and father who were willing to sacrifice everything for their children. From the Hesses' prosperous pre-war life in Germany to their desperate ride in a bullet-strafed boxcar through the rubble of the collapsing Third Reich, Faris Cassell weaves Stefan and Marion's personal memories and historical details into a gripping narration of their family's heroic fight for their lives. As the number of Holocaust survivors dwindles, the Hess twins' account of their childhood ordeal forces the reader to grapple with pure evil. And more important, it is an opportunity to offer the most meaningful of tributes to victims and survivors of the Third Reich. **remembrance** **Shot Down and on the Run** Graham Pitchfork, 2003-10 This compelling book tells some of the epic stories of the thousands of shot-down airmen, including many Canadians, who got out from behind enemy lines across all theatres of the Second World War. Based on special first-hand interviews and new research into official debriefing documents held at Britain's National Archives, many of these accounts have never been published before. This book explores the pivotal role of military intelligence that masterminded the training, support, and organization of escape and evasion; it also features rare photographs of the evaders and their helpers. **RAF Evaders** Oliver Clutton-Brock, 2009-02-19 Stories of the British airmen shot down over Western Europe who evaded capture by the Germans and made their way to Allied territory during World War II. During the five years from May 1940 to May 1945, several thousand Allied airmen were forced to abandon their aircraft behind enemy

lines evaded capture and reached freedom by land sea and air The territory held by the Germans was immense from Norway and Denmark in the north through Holland Belgium Luxembourg to the south of France and initially there was no organization to help the men on the run The first one to assist the evaders and escapers E named after a naval officer Pat O Leary from 1942 it became the PAO line Next was the Comet line from Brussels to the Pyrenees Thousands of brave people were to be involved for whom if caught the penalty was death Theirs is a stirring and awe inspiring story Respected historian Oliver Clutton Brock has researched in depth this secret world of evasion uncovering some treachery and many hitherto unpublished details operations and photos It is a tremendous reference work written in his own colorful style with numerous anecdotes which fills a gap of knowledge formerly unavailable to historians professional or amateur Packed the information key figure biographies and listings 2 094 evaders identified this is a valuable testimony to the courage of all those involved

Hitler's Foreign Executioners Christopher Hale, 2011-04-11 In *Hitler's Foreign Executioners* Heinrich Himmler's secret master plan for Europe is revealed an SS empire that would have no place for either the Nazi Party or Adolf Hitler His astonishingly ambitious plan depended on the recruitment of tens of thousands of Germanic peoples from every corner of Europe and even parts of Asia to build an SS Europa This revised and fully updated book researched in archives all over Europe and using first hand testimony exposes Europe's dirty secret nearly half a million Europeans and more than a million Soviet citizens enlisted in the armed forces of the Third Reich to fight a deadly crusade against a mythic foe Jewish Bolshevism Even today some apologists claim that these foreign SS volunteers were merely soldiers like any other and fought a decent war against Stalin's Red Army Historian Christopher Hale demonstrates conclusively that these surprisingly common views are mistaken By taking part in Himmler's murderous master plan these foreign executioners hoped to prove that they were worthy of joining his future SS Europa But as the Reich collapsed in 1944 Himmler's monstrous scheme led to bitter confrontations with Hitler and to the downfall of the man once known as loyal Heinrich
