*Safeguards of the Social Bond* Werner Stark,1980      **Safeguards of the Social Bond** Werner Stark,1980      The Social Bond Werner Stark,1980      **In Search of Community** Eileen B. Leonard,Hermann Strasser,Kenneth Westhues,1993

In Search of Community is a collection of thirteen essays by former students of Dr Werner Stark influential historian of social thought The work opens with an introduction succinctly relating an outline of Stark s life s work encompassing the historical framework that influences him and the personal events that shape his outlook and scholarship The essayists address the entire range of central subjects of the sociological discipline by focusing on four areas of scientific debate the epistemic Sociology of Knowledge the theoretical Social Thought the societal Social Bond and the religious Sociology of Religion Those four areas were also of substantive concern to Werner Stark and his extraordinary range and depth of knowledge is reflected in this collection of essays      Questions of Tradition Mark Salber Phillips,Mark Phillips,Gordon J. Schochet,2004-01-01

Tradition is a central concern for a wide range of academic disciplines interested in problems of transmitting culture across generations Yet the concept itself has received remarkably little analysis A substantial literature has grown up around the notion of invented tradition but no clear concept of tradition is to be found in these writings since the very notion of invented tradition presupposes a prior concept of tradition and is empty without one this debunking usage has done as much to obscure the idea as to clarify it In the absence of a shared concept the various disciplines have created their own vocabularies to address the subject Useful as they are these specialized vocabularies of which the best known include hybridity canonicity diaspora paradigm and contact zones separate the disciplines and therefore necessarily create only a collection of parochial and disjointed approaches Until now there has been no concerted attempt to put the various disciplines in conversation with one another around the problem of tradition Combining discussions of the idea of tradition by major scholars from a variety of disciplines with synoptic synthesizing essays Questions of Tradition will initiate a renewal of interest in this vital subject      **Emotional Lives** E. Doyle McCarthy,2017-05-04 Emotional Lives explores the changes in emotional cultures that have taken place during the last half century and continue to affect people s identities today These changes are driven by the culture of consumerism in contemporary post industrial society and by the emergence of new ideas about public and private life in a time when media culture generates new forms of social relationships and deep personal attachments to celebrity figures McCarthy shows that people are drawn to public life not only for entertainment and pleasure but also for its dramas for memorializing events like disasters acts of violence and victimhood McCarthy s cultural sociological approach provides new insights about emotions as social things and reveals how today s mass media is an important force for cultural change including changes in people s relationships identities and emotions      **Emotional Lives** ,      History of a Jewish Burial Society Mareleyn Schneider,1991 This work considers two subjects first it examines one of the most ancient Jewish acts acquiring a cemetery plot and secondly it deals with one of the oldest elements in the American

Jewish communal structure the burial society In a critique of secularization theory the book provides information on the history of the Jewish burial society its role in the contemporary world and its function in a highly secular society     **The Publishers' Trade List Annual** ,1992     Safeguards of the Social Bond Werner Stark,1980     **National Union Catalog** ,1981     **Contemporary Authors, New Revision Series** CONTEMPORARY.,1981     **Paperbound Books in Print** ,1991     **Tai Culture** ,2001     **Subject Catalog, 1981** Library of Congress,1981     *The Treatise on the Laws and Customs of the Realm of England Commonly Called Glanvill* D. D. G. Hall,1993-12-16 This classic edition of Glanvill by the great medievalist G D G Hall has now been reissued by Oxford University Press The treatise on the laws and customs of the realm of England commonly called Glanvill is undoubtedly one of the best known and most important works of medieval English law Its itemization and commentary upon writs and the procedure connected with them provides invaluable information in legal practice in the twelfth century but the treatise has far more than this to offer It is a work of original analysis covering such significant topics as dowry debt and inheritance and allowing us a unique insight into the medieval legal mind     **Subject Catalog** Library of Congress,1981     National Union Catalog, 1981 ,1982     **Bowker's Law Books and Serials in Print 1988** R.
