Saga Of An Ordinary Man:

The Life of an Ordinary Man Norman Ross, 2020-07-17 I enjoy writing I don't possess an imagination that can make up fiction so I only write about actual historical events particularly those that occurred during my life As has been said truth can be stranger than fiction Necessarily my writings include stories involving my forebears but they predominantly document events that took place during my marriage with Alida I was born and raised in Scotland a country known for its excellent education system I was able to read and write before my sixth birthday As a boy I read extensively first comics then the classics I say comics but the weekly publications Rover Wizard and others consisted solely of adventure stories words without any pictures Boys would create pictures in their own minds to illustrate what they were reading I hope that readers will be able to form word pictures in their imaginations when they read the stories in this book *Saga of an Ordinary Man* Goldie M. The Complete Four Just Men Series (6 Detective Thrillers in One Edition) Edgar Wallace, 2023-11-20

Edgar Wallace's *The Complete Four Just Men Series* compiles six electrifying detective thrillers that delve into themes of justice, morality, and societal corruption. Wallace's narrative style is characterized by its brisk pacing, engaging dialogue, and intricate plotting, which reflects the early 20th-century literary movement that embraced sensationalism and crime fiction. Through his skilled storytelling, Wallace crafts a compelling dynamic between the enigmatic vigilantes and the societal decay around them, all framed within the tension of a whodunit structure that keeps readers guessing until the final pages.

Edgar Wallace, a prolific author and journalist, was influenced by his own tumultuous experiences, which included a stint as a war correspondent. His exposure to the darker facets of human nature, coupled with his fascination for justice, is evident in the creation of the Four Just Men characters, who operate outside the law for what they believe is a higher cause.

Wallace's background as a member of the British literary elite brought a rich understanding of crime and punishment that adds depth to his storytelling. For readers who appreciate finely crafted mysteries that probe fundamental questions of ethics, *The Complete Four Just Men Series* is a must-read.

This collection not only showcases Wallace's mastery of the genre but also invites introspection on the nature of justice, making it a compelling choice for both fans of classic detective fiction and contemporary crime literature.
