Tracy**

Saggi Sul Rinascimento:

Saggi sul Rinascimento Giovanni Iorio, 1987 **Italian Studies in Shakespeare and His Contemporaries** Michele Marrapodi, Giorgio Melchiori, 1999 The papers collected in this volume set out to present some significant Italian contributions to Shakespeare studies that scattered through a number of publications not available outside Italy might have escaped the attention they deserve They are representative though by no means exhaustively of approaches to Shakespeare and his contemporaries in Italy and may convey a sense of the vitality and extreme variety of critical and scholarly attitudes in this field John Florio Hermann W. Haller, 2013-03-21 A Worlde of Wordes the first ever comprehensive Italian English dictionary was published in 1598 by John Florio One of the most prominent linguists and educators in Elizabethan England Florio was greatly responsible for the spreading of Italian letters and culture throughout educated English society Especially important was Florio s dictionary which thanks to its exuberant wealth of English definitions made it initially possible for English readers to access Italy s rich Renaissance literary and scientific culture Award winning author Hermann W Haller has prepared the first critical edition of A Worlde of Wordes which features 46 000 Italian entries among them dialect forms erotic terminology colloquial phrases and proverbs of the Italian language Haller reveals Florio as a brilliant English translator and creative writer as well as a grammarian and language teacher His helpful critical commentary highlights Florio s love of words and his life long dedication to promoting Italian language and culture abroad La trama Nascosta - Storie di mercanti e altro Rita Mazzei, 2011-11-25 La trama nascosta quella che emerge dalla ricostruzione delle vicende di alcuni personaggi qui osservati pur nell ambito delle specifiche competenze nelle vesti di tramiti di trasferimenti culturali In uno spazio che quello dell Europa meno fittamente abitata che nei suoi confini dilatati si apre a est A ben vedere pi o meno l Europa entrata con il nuovo millennio nell Unione Europea *The Structure of Petrarch's Canzoniere* Frederic J. Jones, 1995 Examination of the chronology of the poems of Part 1 of Petrarch s Canzoniere considered with reference to the Catastrophe Theory **The Perfect Genre. Drama and Painting in Renaissance Italy** Kristin Phillips-Court, 2016-12-05 Proposing an original and important re conceptualization of Italian Renaissance drama Kristin Phillips Court here explores how the intertextuality of major works of Italian dramatic literature is not only poetic but also figurative She argues that not only did the painterly gaze so prevalent in fifteenth and sixteenth century devotional art portraiture and visual allegory inform humanistic theories practices and themes it also led prominent Italian intellectuals to write visually evocative works of dramatic literature whose topical plots and structures provide only a fraction of their cultural significance Through a combination of interpretive literary criticism art historical analysis and cultural and intellectual historiography Phillips Court offers detailed readings of individual plays juxtaposed with specific developments and achievements in the realm of painting Revealing more than historical connections between artists and poets such as Tasso and Giorgione Mantegna and Trissino Michelangelo and Caro or Bruno and Caravaggio the author locates the history of Renaissance art and drama securely within

the history of ideas She provides us with a story about the emergence and eventual disintegration of Italian Renaissance drama as a rigorously philosophical and empirical form Considering rhetorical philosophical ethical religious political ideological and aesthetic dimensions of each of the plays she treats Kristin Phillips Court draws our attention to the intermedial conversation between the theater and painting in a culture famously dominated by art Her integrated analysis of visual and dramatic works brings to light how the lines and verses of the text reveal an ongoing dialogue with visual art that was far richer and more intellectually engaged than we might reconstruct from stage diagrams and painted backdrops

Church, Censorship and Culture in Early Modern Italy Gigliola Fragnito, 2001-09-06 The opening of the archive of the former Congregation of the Holy Office in Rome the office of the Inquisition yielded an extraordinary wealth of documentation altering dramatically many long standing views on the repressive activity of the Roman Church during the counter Reformation Drawing extensively upon this archival source this 2001 book highlights the wide gap between the Church's aim to exert control over all knowledge and actual implementation The plurality of the central offices their contradictory decisions and the inadequacy of the peripheral offices combined to hamper truly effective censorship But despite this failure in developing a unified expurgatory policy such prohibition as there was had a disastrous effect upon Italian culture and for centuries Italians jurists scientists Jews and common readers as well as scholars were deprived of their most cherished books

Blindness and Therapy in Late Medieval French and Italian Poetry Julie Singer, 2011 This book argues that late medieval love poets from Petrarch to Machaut and Charles d'Orléans exploit scientific models as a broad framework within which to redefine the limits of the lyric subject and his body Just as humoral theory depends upon principles of likes and contraries in order to heal poetry makes possible a parallel therapeutic system in which verbal oppositions and substitutions counter or rewrite received medical wisdom The specific case of blindness a disability that according to the theories of love that predominated in the late medieval West foreclosed the possibility of love serves as a laboratory in which to explore poets' circumvention of the logical limits of contemporary medical theory Reclaiming the power of remedy from physicians these late medieval French and Italian poets prompt us to rethink not only the relationship between scientific and literary authority at the close of the middle ages but more broadly speaking the very notion of therapy From publisher's website

The Perfection of Nature Mackenzie Cooley, 2022-10-26 A deep history of how Renaissance Italy and the Spanish empire were shaped by a lingering fascination with breeding The Renaissance is celebrated for the belief that individuals could fashion themselves to greatness but there is a dark undercurrent to this fabled era of history The same men and women who offered profound advancements in European understanding of the human condition and laid the foundations of the Scientific Revolution were also obsessed with controlling that condition and the wider natural world Tracing early modern artisanal practice Mackenzie Cooley shows how the idea of race and theories of inheritance developed through animal breeding in the shadow of the Spanish Empire While one strand of the Renaissance celebrated a liberal view

of human potential another limited it by biology reducing man to beast and prince to stud Race Cooley explains first referred to animal stock honed through breeding To those who invented the concept race was not inflexible but the fragile result of reproductive work As the Spanish empire expanded the concept of race moved from nonhuman to human animals Cooley reveals how as the dangerous idea of controlled reproduction was brought to life again and again a rich complex and ever shifting language of race and breeding was born Adding nuance and historical context to discussions of race and human and animal relations The Perfection of Nature provides a close reading of undertheorized notions of generation and its discontents in the more than human world

Law and Mimesis in Boccaccio's Decameron Justin Steinberg, 2023-06 Steinberg's field defining work shows how Boccaccio's Decameron reveals unexpected connections between the contemporary emergence of literary realism and legal inquisition in early modern Europe

Il guardiano della storiografia Gennaro Sasso, 1985

Forbidden Prayer Giorgio Caravale, 2016-04-22 This book delineates the attempt carried out by the Congregations of the Inquisition and the Index during the sixteenth and early seventeenth century to purge various devotional texts in the Italian vernacular of heterodox beliefs and superstitious elements while imposing a rigid uniformity in liturgical and devotional practices The first part of the book is focused on Rome's anxious activity toward the infiltration of Protestant ideas in vernacular treatises on prayer meant for mass consumption It next explores how only in the second half of the sixteenth century once Rome's main preoccupation toward Protestant expansion had subsided the Church could begin

thinking about a move from a rejection of any consideration of the merits of interior prayer to a recovery and acceptance of mental prayer The final section is dedicated to the primary objective of the Church's actions in purging superstitious practices which was not simply the renewal of the spiritual life of the faithful but also the control of the religious and social life of many faithful who were uneducated Based on a careful examination of the archival records of the two Roman dicasteri in question many of which have only been accessible to scholars since 1998 as well as a close reading of the many of suspect devotional texts themselves this book offers a fascinating contribution towards a fuller appreciation of the complex landscape that characterized the spiritual realities of early modern Italy

Court and Its Critics Paola Ugolini, 2020-03-18 The Court and Its Critics focuses on the disillusionment with courtliness the derision of those who live at court and the open hostility toward the court themes common to Renaissance culture

Michelangelo's Poetry and Iconography in the Heart of the Reformation Ambra Moroncini, 2017-04-07 Contextualizing Michelangelo's poetry and spirituality within the framework of the religious Zeitgeist of his era this study investigates his poetic production to shed new light on the artist's religious beliefs and unique language of art Author Ambra Moroncini looks first and foremost at Michelangelo the poet and proposes a thought provoking reading of Michelangelo's most controversial artistic production between 1536 and c 1550 The Last Judgment his devotional drawings made for Vittoria Colonna and his last frescoes for the Pauline Chapel Using theological and literary analyses which draw upon reformist and Protestant scriptural writings as well as on Michelangelo's own rime spirituali and Vittoria Colonna's spiritual lyrics Moroncini proposes a compelling argument for the impact that the Reformation had on one of the greatest minds of the Italian Renaissance It brings to light how in the second quarter of the sixteenth century in Italy Michelangelo's poetry and aesthetic conception were strongly inspired by the revived theologia crucis of evangelical spirituality rather than by the theologia gloriae of Catholic teaching

Paolo Giovio T. C. Price Zimmerman, 1995-11-13 Best known for his sweeping narrative *Histories of His Own Times* and for his portrait museum on Lake Como the Italian bishop and historian Paolo Giovio 1486-1552 had contact with many of the protagonists of the great events he so vividly described the wars of France Germany and Spain and the sack of Rome He used the information he gleaned from his contacts to carry on an extensive correspondence that became a kind of proto journalism With his interests in history literature geography exploration medicine and the arts this man reflects almost the entire spectrum of High Renaissance civilization In a biography surveying both Giovio's life and his works T C Price Zimmermann examines the historian as a figure formed by fifteenth century humanism who was caught in the changing temper of the Counter Reformation Giovio's *Histories* remained a widely used account of the wars of Italy for nearly two hundred and fifty years although his objectivity was often questioned owing to the patronage he received Following Burckhardt who began to restore Giovio's reputation more than a century ago Zimmermann reveals a conscientious independent minded historian and an astute commentator on the entire Mediterranean world the first to integrate the contemporary history of the Muslim nations

with that of Europe east and west The book also stresses the important contributions Giovo made to the ethos of the Renaissance through his biographies and famous portrait museum both tributes to the emerging sense of individual human personality

Humanism and Secularization Riccardo Fubini, 2003-01-22 Table of contents

Chaucer, Boccaccio, and the Debate of Love N. S. Thompson, 1999 Although the Decameron and the Canterbury Tales have often been linked this is the first ever major study of the two most popular medieval collections of framed narratives to examine the texts as a whole The present study goes well beyond shared general similarities and the inconclusive search for source or analogue material in order to look at the internal dynamics of each text and the surprising similarities that emerge there in terms of theories of literature authority and authorship and the particular reader response envisaged by their authors

Cardinal Pole in European Context Thomas F. Mayer, 2024-10-28 Cardinal Reginald Pole 1500 1558 was one of the most important international figures of mid 16th century Europe principal antagonist of Henry VIII papal diplomat legate to the council of Trent and nearly successful candidate for pope But even more significant than his political actions is that Pole tried to mediate between increasingly rigid religious positions preserving belief in justification by faith within a charismatically conceived papal church His writing converted categories of feudal discourse especially the language of honour into newer humanist modes as a means of resisting tyranny whether secular or religious He also created his own saintly image as well as much of the historiography of the English Reformation These studies place him in his English Italian and European contexts political intellectual and religious They also evaluate his ties to such major intellectual and literary figures as Marco Mantova Benavides and Ludovico Ariosto

Political Thought and the Tudor Commonwealth Paul Fidler, Thomas Mayer, 2003-09-02 Shining new light onto an historically pivotal time this book re examines the Tudor commonwealth from a socio political perspective and looks at its links to its own past Each essay in this collection addresses a different aspect of the intellectual and cultural climate of the time going beyond the politics of state into the underlying thought and tradition that shaped Tudor policy Placing security and economics at the centre of debate the key issues are considered in the context of medieval precedence and the wider European picture

Eventually, you will totally discover a further experience and talent by spending more cash. nevertheless when? pull off you recognize that you require to acquire those every needs afterward having significantly cash?
