Time John Kretschmer, 2018-11-13 John Kretschmer is sailing s practical philosopher as much a doer as a thinker And that is
the overarching theme of this chronicle of a sailing life Often amusing sometimes poignant occasionally terrifying but always
inspiring his deeply personal account is a welcome reminder of the good life waiting at sea With hundreds of thousands of
nautical miles under his keel John s adventures have taken him several times around the world with challenging crossings of
the Atlantic and the Pacific a narrow escape from a coup in Yemen an unlikely deliverance from a coral reef off Belize as well
as more serene introspective passages where trade winds are blowing and stories are flowing His crew has included CEOs
actors writers teachers kids in essence everyone John s narrative is interwoven with practical tips and advice in seamanship
but also and just as importantly his hard won insights about making the most of our lives He truly believes we find out who
we really are and what we are capable of far from the shackles of land when we find a place where time changes shape days
may merge into one another but minutes are memorable To live adventurously is to live more fully and that is the life John
Kretschmer continues to live In this book he shares his simple profundities that will inspire those who live to sail and those
