

"French literature is known abroad chiefly in its humanistic and rationalistic aspects. But it should not be forgotten that it has been marked from the very beginning with works that are secret and black—in the sense of black magic—and these are perhaps its most beautiful creations. From the poems of Villon to the works of de Sade, Rimbaud and Lautréamont, they bear witness to our guilty conscience. It may well be that Genet, the latest of these magicians, is also the greatest."—*Jean-Paul Sartre*

"An unquestionable masterpiece"—*Times Literary Supplement*. "Jean Genet is a great poet. Moreover he is a moralist in the fullest sense of the term (a moralist is not to be confused with a person who moralizes). Genet's morality is severe and inflexible, and he never departs from it."—*Jean Cocteau*. "Genet has created a world that is out of this world. He is a magician, an enchanter of the first order."—*Richard Wright*. "In contemporary French letters, Genet is the lone flower of evil."—*Janet Flanner, The New Yorker*.

Saint Genet Actor Martyr:

Saint Genet Jean-Paul Sartre, 2012-02-01 The remarkable and controversial study of the mind life and legend of Jean Genet *Saint Genet, Actor and Martyr*, 1963 ***Saint Genet, Actor and Martyr, Tr. from the French by Bernard Frechtman.*** -- Jean-Paul Sartre, 1963 *Saint Genet: Actor and Martyr ... Translated ... by Bernard Frechtman* Jean-Paul Sartre, Bernard FRECHTMAN, Jean Genet, 1964 ***Metatheater and Modernity*** Mary Ann Frese Witt, 2013 *Metatheater and Modernity* Baroque and Neobaroque is the first work to link the study of metatheater with the concepts of baroque and neobaroque Arguing that the onset of European modernity in the early seventeenth century and both the modernist and the postmodernist periods of the twentieth century witnessed a flourishing of the phenomenon of theater that reflects on itself as theater the author reexamines the concepts of metatheater baroque and neobaroque through a pairing and close analysis of seventeenth and twentieth century plays The comparisons include Jean Rotrou's *The True Saint Genesius* with Jean Paul Sartre's *Kean* and Jean Genet's *The Blacks* Pierre Corneille's *L'illusion comique* with Tony Kushner's *The Illusion* Gian Lorenzo Bernini's *The Impresario* with Luigi Pirandello's theater in theater trilogy Shakespeare's *Hamlet* with Pirandello's *Henry IV* and Tom Stoppard's *Rosencrantz and Guildenstern are Dead* Molière's *Impromptu de Versailles* with *Impromptus* by Jean Cocteau Jean Giraudoux and Eugène Ionesco *Metatheater and Modernity* also examines the role of technology in the creating and breaking of illusions in both centuries In contrast to previous work on metatheater it emphasizes the metatheatrical role of comedy *Metatheater* the author concludes is both performance and performative it accomplishes a perceptual transformation in its audience both by defending theater and exposing the illusory quality of the world outside

Jean-Paul Sartre: A Bibliography of International Criticism Robert Wilcocks, 1975 A large comprehensive compilation of journalism and international criticism of the works and activities of Jean Paul Sartre The work covers Sartre's stormy career from 1937 to 1975 containing nearly 700 000 entries and over 3 200 authors *Saint Genet, Actor and Martyr* Jean-Paul Sartre, 1963 ***The Saint & the Atheist*** Joseph S. Catalano, 2021-02-16 It is hard to think of two philosophers less alike than St Thomas Aquinas and Jean Paul Sartre Aquinas a thirteenth century Dominican friar and Sartre a twentieth century philosopher and atheist are separated by both time and religious beliefs Yet for philosopher Joseph S Catalano the two are worth bringing together for their shared concern with a fundamental issue the uniqueness of each individual person and how this uniqueness relates to our mutual dependence on each other When viewed in the context of one another Sartre broadens and deepens Aquinas's outlook updating it for our present planetary and social needs Both thinkers as Catalano shows bring us closer to the reality that surrounds us and both are centrally concerned with the place of the human within a temporal realm and what stance we should take on our own freedom to act and live within that realm Catalano shows how freedom for Sartre is embodied and that this freedom further illuminates Aquinas's notion of consciousness Compact and open to readers of varying backgrounds this book represents Catalano's efforts to bring a

lifetime of work on Sartre into an accessible consideration of philosophical questions by placing him in conversation with Aquinas and it serves as a primer on key ideas of both philosophers By bringing together these two figures Catalano offers a fruitful space for thinking through some of the central questions about faith conscience freedom and the meaning of life

Reading Sartre Joseph S. Catalano, 2010-05-31 In this volume Joseph Catalano offers an in depth exploration of Jean Paul Sartre's four major philosophical writings Being and Nothingness Saint Genet Actor and Martyr The Critique of Dialectical Reason and The Family Idiot These works have been immensely influential but they are long and difficult and thus challenging for both students and scholars Catalano here demonstrates the interrelation of these four works their internal logic and how they provide insights into important but overlooked aspects of Sartre's thought such as the body childhood and evil The book begins with Sartre's final work The Family Idiot and systematically works backward to Being and Nothingness Catalano then repeats the study by advancing chronologically beginning with Being and Nothingness and ending with The Family Idiot and an afterword on Flaubert's Madame Bovary Readers will appreciate Catalano's subtle readings as well as the new insights that he brings to Sartre's oeuvre **French News**, 1963 *The Theatre of Revolt* Robert

Brustein, 1991-02-01 In a new edition of this now classic work Robert Brustein argues that the roots of the modern theatre may be found in the soil of rebellion cultivated by eight outstanding playwrights Ibsen Strindberg Chekhov Shaw Brecht Pirandello O'Neill and Genet Focusing on each of them in turn Mr Brustein considers the nature of their revolt the methods employed in their plays their influences on the modern drama and the playwrights themselves One of the standard and decisive books on the modern theater It shows us the men behind the works what they wanted to write about and the private hell within each of them which led to the enduring works we continue to treasure New York Times Book Review The best single collection of essays I know of on modern drama remarkably fine and sensitive pieces of criticism Alvin Kernan Yale Review *Avant-garde: the Experimental Theater in France* Leonard Cabell Pronko, 1963 Discusses playwrights such as Samuel Beckett Eugene Ionesco Arthur Adamov Jean Genet Jean Tardieu Jean Vauthier Henri Pichette Michel de Ghelderode Jacques Audoubert and Georges Schehade *Historical Dictionary of French Literature* John Flower, 2022-05-15 With the possible exception of Great Britain France can justifiably lay claim to possess the richest literary history of any country in Western Europe This book covers the authors and their works literary movements and philosophical and social developments that have had a direct impact on style or content and major historical events such as the two world wars the Franco Prussian War the Algerian War or the events of May 1968 that are directly reflected in a substantial body of imaginative writing Historical Dictionary of French Literature Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on individual writers and key texts significant movements groups associations and periodicals and on the literary reactions to major national and international events such as revolutions and wars This book is an excellent resource for students researchers and anyone wanting to know more about

French literature Severally Seeking Sartre Benedict O'Donohoe, 2014-01-03 This collection of twelve essays by scholars from the USA Canada the UK and Japan presents fresh perspectives on familiar Sartrean subjects and novel approaches to neglected ones Divided into four equal parts Aesthetics Philosophy Politics and Revolt its chapters reflect both the eclectic scope of Sartre's project and the dynamic attention it continues to attract Moreover this intellectual interest extends beyond the field of Sartre studies and across the generations from established specialists to younger academics regarding Sartre from some surprising new angles Pop Art and jazz prove to be revealing prisms as do dialogues with Dennett Ilyenkov Badiou and Genet among others In short this is a book whose original essays make a lively contribution to the continuing critical conversation around the work of Jean Paul Sartre **Hebdige and Subculture in the Twenty-First Century** Keith Gildart, Anna Gough-Yates, Sian Lincoln, Bill Osgerby, Lucy Robinson, John Street, Peter Webb, Matthew Worley, 2020-04-22 This book assesses the legacy of Dick Hebdige and his work on subcultures in his seminal work *Subculture The Meaning of Style* 1979 The volume interrogates the concept of subculture put forward by Hebdige and asks if this concept is still capable of helping us understand the subcultures of the twenty first century The contributors to this volume assess the main theoretical trends behind Hebdige's work critically engaging with their value and how they orient a researcher or student of subculture and also look at some absences in Hebdige's original account of subculture such as gender and ethnicity The book concludes with an interview with Hebdige himself where he deals with questions about his concept of subculture and the gestation of his original work in a way that shows his seriousness and humour in equal measure This volume is a vital contribution to the debate on subculture from some of the best researchers and academics working in the field in the twenty first century

The A to Z of Existentialism Stephen Michelman, 2010-04-01 Existentialism is the philosophy of human existence which flourished first in Germany in the 1920s and 1930s and then in France in the decade following the end of World War II The operative meaning of existentialism here is thus broader than it was circa 1945 when the term first gained currency in France as a label for the philosophy of Jean Paul Sartre However it is considerably less broad than the view proposed by commentators in the 1950s and 1960s who in an attempt to overcome Sartre's hegemony discovered the seeds of existentialism far and wide in Shakespeare Saint Augustine and the Old Testament prophets In this dictionary existentialism is understood as a decidedly 20th century phenomenon though with roots in the 19th century Effort has been made to understand the philosophy of existentialism as all philosophies should be understood as part of an ongoing intellectual tradition an evolving history of problems concepts and arguments The A to Z of Existentialism explains the central claims of existentialist philosophy and the contexts in which it developed into one of the most influential intellectual trends of the 20th century This is done through a chronology an introductory essay a bibliography and more than 300 cross referenced dictionary entries offering clear accessible accounts of the life and thought of major existentialists like Jean Paul Sartre Martin Heidegger Martin Buber Karl Jaspers Gabriel Marcel Simone de Beauvoir Albert Camus and Maurice Merleau Ponty

as well as thinkers influential to its development such as Wilhelm Dilthey Henri Bergson Edmund Husserl and Max Scheler This book affords readers an integrated critical and historically sensitive understanding of this important philosophical movement Ethics in the History of Western Philosophy Robert Cavalier, James S. Gouinlock, James P. Sterba, 1989-09-18 this magnificent collection of presentations of the thought of the giants of Western ethics deserves to become a basic reference work in the field Ralph McInerny The University of Notre Dame **Modern Drama in Theory and Practice: Volume 2, Symbolism, Surrealism and the Absurd** J. L. Styan, John L. Styan, 1983-06-09 Jarry Garcia Lorca Sartre Camus Beckett Ritual theatre and Jean Genet Fringe theatre in Britain__ **The Power of Consciousness and the Force of Circumstances in Sartre's Philosophy** Thomas W. Busch, 1989-11-22 Displaying a masterful grasp of the texts the author shows how otherness forces itself upon the existentialist Sartre gradually constraining him to modify his understanding of consciousness as omnipotent The issue is Sartre's discovery of the social and its conceptual assimilation into his individualistic consciousness oriented philosophy Thomas R Flynn This very successful and accessible scholarly book is simultaneously a succinct and clear overview of Sartre's philosophical works and a fresh consideration of Sartre's body of work Choice Busch's admirably clear and compact discussion is essential reading for Sartre scholars since it powerfully addresses many issues dividing them Ethics a useful overview of the evolution of Sartre's thought Review of Politics a thought provoking reassessment of Sartre's philosophical career Man and World succinct richly documented survey International Studies in Philosophy **Jail Sentences** Andrew Sobanet, 2008-01-01 A long list of canonical writers in Western literature have experienced incarceration and have subsequently written celebrated works about the imprisoned and the condemned The French tradition is no exception writers who produced noteworthy texts while incarcerated or who later wrote about their experiences in prison are found on the literary historical landscape from the medieval era through the twentieth century Prison writing by inmates former guards chaplains teachers and doctors is firmly established as part of the fabric of popular culture and has long attracted the attention of culture critics and scholars Nevertheless scant analysis exists of the prison novel a literary genre that as Andrew Sobanet argues in Jail Sentences uses fiction as a documentary tool Its narrative peculiarities which are the main subjects of Sobanet's study include the use of autobiographical and testimonial techniques to critique the penitentiary system Jail Sentences is the definitive study of the legacy of the Western tradition of prison writing in twentieth century French literature Although Sobanet focuses primarily on French writers Victor Serge Jean Genet Albertine Sarrazin and Francois Bon his keen sense of literary dialogue pulls into the orbit of his study an international corpus of work from Dostoyevsky to Malcolm X Jail Sentences arrives at a coherent definition of the genre whose unique conventions stem from the innermost regions of our understanding of stories truth fiction and belief
