**The Hero and the Historians** Alan Gordon,2010-07-01 Historians have long engaged in passionate debate about collective memory and the building of national identities This book focuses on one national hero Jacques Cartier to explore how notions about the past have been created and passed on through the generations and used to present particular ideas about the world in English and French speaking Canada The cult of celebrity surrounding Cartier by the mid nineteenth century Gordon reveals reflected a particular understanding of history one which accompanied the arrival of modernity in North America This new sensibility in turn shaped the political and cultural currents of nation building in Canada Cartier may have been a point of contact between English and French Canadian nationalism but the nature of that contact as Gordon shows had profound limitations The Hero and the Historians is

*Patriarchs of Time* Samuel L. Macey, 2010-09-01 Exploring the personifications of time by which Western civilization has ordered its attitudes toward both earthly existence and eternity *Patriarchs of Time* traces the lineage of time's gods from the deities of ancient Mesopotamia and Persia through the pantheons of Greece and Rome the Christian Father Time and the brief reign of the Newtonian Watchmaker God to the consumerist Santa Claus who holds sway over the year's end celebrations of our own day Each of these patriarchs Samuel L. Macey shows has embodied dualisms that reflect the dilemma in the Western mind between the joys and woes of our brief time on earth and the promise of eternal life or eternal punishment in the hereafter Santa Claus is today effectively the sole inheritor of Saturn's old midwinter festival but Macey suggests that it remains to be seen whether he will fully manifest the dualism that has always characterized the West's patriarchs of time and whether our present consumerist saturnalia will regain the spiritual message of hope and eternal life that has always been a part of time's dominion
