The Life of St. Wilfrid, Etc. [By F. W. Faber.] Frederick William Faber, Saint WILFRID (Bishop of York), 1844 **Saints**

Dawn Marie Beutner, 2020-05-06 Since Jesus told us to be perfect and Vatican Council II emphasized a universal call to holiness for all Christians how do we learn to do that? One great way is to learn from and pray with the saints of the Catholic Church. We can follow in the footsteps of the ordinary Catholic men and women who fought the good fight to be holy until the end of their lives and won that fight. The saints have been the inspiration of faithful Catholics for hundreds of years because they show us what it looks like to follow Jesus Christ despite countless challenges and obstacles. This unique book contains short biographies of multiple saints for every day of the year including an intercessory prayer to each saint. This helps the reader to learn about and pray with the numerous saints of the Church, the communion of saints whose personalities and challenges often resonate with our own. This collection also provides wonderful resource information to learn more about individual saints, inspiring quotes from saints and detailed explanations of Catholic terms that often befuddle us. The saints in this collection come from every period in history, every country, age ranges and vocations. They show us that holiness truly is a path open to all who seek to follow Jesus Christ. By reading about the lives of the saints each day we can learn how to apply their life lessons to our own daily challenges. By praying daily for their help we can ask for their spiritual help and wisdom and point ourselves toward Heaven where we hope to spend eternity with God. Saints' Cults in the Celtic World Steven Boardman, John Reuben Davies, Eila Williamson, 2009 Saints' cults flourished in the medieval world and the phenomenon is examined here in a series of studies. The way in which saints' cults operated across and beyond political, ethnic and linguistic boundaries in the medieval British Isles and Ireland from the sixth to the sixteenth centuries is the subject of this book. In a series of case studies the contributions highlight the factors that allowed particular cults to prosper in or that made them relevant to a variety of cultural contexts. The collection has a particular emphasis on northern Britain and the role of devotional interests in connecting or shaping a number of polities and cultural identities: Pictish, Scottish, Northumbrian, Irish, Welsh and English in a world of fluid political and territorial boundaries. Although the bulk of the studies are concerned with the significance of cults in the insular context, many of the articles also touch on the development of pan-European devotions such as the cults of St Brendan, The Three Kings or St George. Contributors: James E Fraser, Thomas Owen Clancy, Fiona Edmonds, John Reuben Davies, Karen Jankulak, Sally Crumplin, Joanna Huntington, Steve Boardman, Eila Williamson, Jonathan Wooding. **The Life and After-Life of St John of Beverley** Susan E. Wilson, 2017-07-28 This represents the first study devoted to the life and after-life of St John of Beverley. John was bishop of Hexham and then York, after which he retired to his own monastery in Beverley and was buried there in 721. His cult was quickly established and spread to attract pilgrims from

all over the British Isles and even Europe It was also established in Brittany by the tenth century especially in the town of Saint Jean Br velay which is named after him The great economic wealth of Beverley in the Middle Ages was largely due to it being a major ecclesiastical centre focused around John s relics His reputation as a powerful saint was harnessed not only to protect Beverley and the surrounding areas and to give succour to pilgrims to his shrine but also to further the ambitions of successive kings of England to the extent that Henry V raised him to the status of a patron saint of England following the battle of Agincourt which was fought on the feast day of St John s translation The hagiographic works on John extend over nearly six hundred years from that written by Bede c 731 the *Vita Sancti Johannis* composed by a monk called Folcard c 1066 then four separate collections of post mortem miracle stories of the eleventh thirteenth centuries and a number of miracles recorded in the fourteenth and fifteenth centuries This span is greater even than the hagiography relating to St Benedict which had been believed to cover more years than any other collection in Europe Dr Wilson uses these sources as a unique opportunity to examine the ways in which an Anglo Saxon saint was promoted over a long period of time by different hagiographers and how the saint was continually re created in the image which the hagiographers or his community required depending on their current needs and perceptions The volume also includes the first English translations of the Life and the miracle stories

Butler's Lives of the Saints Alban Butler,1995 The 200 year old Butler s Lives of the Saints has undergone a thorough revision and rewriting and is now presented as a 12 volume set categorized according to months of the year This volume includes those saints commemorated in October
