Saints and Their Miracles in Late Antique Gaul Raymond Van Dam, 2011-11-12 Saints cults with their focus on miraculous healings and pilgrimages were not only a distinctive feature of Christian religion in fifth and sixth century Gaul but also a vital force in political and social life Here Raymond Van Dam uses accounts of miracles performed by SS Martin Julian and Hilary to provide a vivid and comprehensive depiction of some of the most influential saints cults Viewed within the context of ongoing tensions between paganism and Christianity and between Frankish kings and bishops these cults tell much about the struggle for authority the forming of communities and the concept of sin and redemption in late Roman Gaul Van Dam begins by describing the origins of the three cults and discusses the career of Bishop Gregory of Tours who benefited from the support of various patron saints and in turn promoted their cults He then treats the political and religious dimensions of healing miracles including their relation to Catholic theology and their use by bishops to challenge royal authority and of pilgrimages to saints shrines The miracle stories collected mainly by Gregory of Tours appear in their first complete English translations **Raiding Saint Peter: Empty Sees, Violence, and the Initiation of the Great Western Schism (1378)** Joelle Rollo-Koster, 2008-03-31 Throughout the European Middle Ages the death of high ranking prelates was usually interwoven with violent practices During Empty Sees mobs ransacked bishops and popes properties to loot their movable goods Eventually in the later Middle Ages they also plundered the goods of newly elected popes and the cells of the Conclave This book follows and analyzes the history of this violence using a methodology akin to cultural anthropology with

concepts such as liminal periodization It contends that pillaging was attached to ecclesiastical interregna and the nature of ecclesiastical elections contributed to a pillaging problem This approach allows for a fresh reading and re contextualization of one of the greatest political crises of the later Middle Ages the Great Western Schism
