constructs such a new framework in three stages First Lowery explores Wesley s reliance upon Lockean empiricism He contends that Wesleyan epistemology should remain more closely tied to empirical knowledge and should distance itself from mystical and intuitionist models like Wesley s own spiritual sense analogy Second examining the way that Wesley appropriates Jonathan Edwards s view of the religious affections Lowery shows that Wesleyan ethics should not regard emotions as something to be passively experienced Rather emotions have cognitive content that allows them to be shaped Third Lowery completes the new framework by suggesting ways to revise and expand Wesley s own conceptual scheme These suggestions allow more of Wesley s concerns to be incorporated into the new schema without sacrificing his core commitments The final chapter sketches the doctrines of assurance and perfection in the new framework Assurance is based on religious faith and on self knowledge both empirical and psychological and perfection is understood in a more teleological context The result is a version of Wesleyan ethics more faithful to Wesley s own thought and able to withstand the scrutiny of higher intellectual standards
