Business Law Douglas Smith, Richard D Lawson, A.A Painter, 2012-11-12 Bringing the book directly in line with the amended CIM Business Law syllabus the book provides marketing students with a thorough working knowledge of the law on contract sale of goods agency as well as the legal mechanisms for resolving commercial disputes together with coverage of other selected topics which are of importance to marketeers and business in general Marketing and Advertising Law in a Process of Harmonisation Ulf Bernitz, Caroline Heide-Jørgensen, 2017-05-04 The law on marketing and advertising has

undergone profound changes based on the EU directives on unfair commercial practices and misleading and comparative advertising. The legislation partially requires full harmonisation and contains a comprehensive blacklist of prohibited practices. However, in other areas only minimum harmonisation is required. A comprehensive case law from the CJEU has emerged but still many issues remain open, unclear and debated. The EU Commission has an active interest in the field and has published numerous reports on the question. In addition, it has developed revised comprehensive guidelines on marketing business to consumer B2C which are fully discussed here. Further Commission initiatives in the area on business to business B2B marketing are also in the making, underlining the importance of this new collection.
