The Hollywood Motion Picture Blacklist Larry Ceplair,2022-09-06 Seventy five years ago the Hollywood blacklist ruined lives stifled creativity and sent waves of proscription and censorship throughout United States culture When the Hollywood Ten refused to answer the questions of the House Committee on Un American Activities about their membership in the Communist Party they were sentenced to prison the five who were under contract were fired by their studios and all were blacklisted from reemployment until they purged themselves of their communist taint By the 1950s this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members Dozens of others were graylisted as the result of rumors The Hollywood Motion Picture Blacklist Seventy Five Years Later offers new insights on the origins of the blacklist the characteristics of those blacklisted and the probability of future proscriptions of the blacklist type Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government Hollywood unions and motion picture studios Ceplair thoroughly examines the role of Jewish identity in many anti communist efforts a concept that has never been fully examined by scholars and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process

Radical Innocence Bernard F. Dick,2021-08-24 On October 30 1947 the House Committee on Un American Activities concluded the first round of hearings

on the alleged Communist infiltration of the motion picture industry Hollywood was ordered to clean its own house and ten witnesses who had refused to answer questions about their membership in the Screen Writers Guild and the Communist party eventually received contempt citations By 1950 the Hollywood Ten as they quickly became known which included writers directors and a producer were serving prison sentences ranging from six months to one year Since that time the members of the Hollywood Ten have been either dismissed as industry hacks or eulogized as Cold War martyrs but never have they been discussed in terms of their professions Radical Innocence A Critical Study of the Hollywood Ten is the first study to focus on the work of the Ten their short stories plays novels criticisms poems memoirs and of course their films Drawing on myriad sources including archival materials unpublished manuscripts black market scripts screenplay drafts letters and personal interviews Bernard F Dick describes the Ten s survival tactics during the blacklisting and analyzes the contributions of these ten individuals not only to film but also to the arts Radical Innocence captures the personality of each of the Ten including the arrogant Herbert J Biberman the witty Ring Lardner Jr the patriarchal Samuel Ornitz the compassionate Adrian Scott and the feisty Dalton Trumbo *The Marxist and the Movies* Larry Ceplair, 2007-11-16 As part of its effort to expose Communist infiltration in the United States and eliminate Communist influence on movies from 1947 1953 the House Committee on Un American Activities subpoenaed hundreds of movie industry employees suspected of membership in the Communist Party Most of them including screenwriter Paul Jarrico 1915 1997 invoked the Fifth Amendment and refused to answer questions about their political associations They were all blacklisted In *The Marxist and the Movies* Larry Ceplair narrates the life movie career and political activities of Jarrico the recipient of an Oscar nomination for his screenplay for *Tom Dick and Harry* 1941 and the producer of *Salt of the Earth* 1954 one of the most politically besieged films in the history of the United States Though Jarrico did not reach the upper echelon of screenwriting he worked steadily in Hollywood until his blacklisting He was one of the movie industry s most engaged Communists working on behalf of dozens of social and political causes *Song of Russia* 1944 was one of the few assignments that allowed him to express his political beliefs through his screenwriting craft Though MGM planned the film as a conventional means of boosting domestic support for the USSR a wartime ally of the United States it came under attack by a host of anti Communists Jarrico fought the blacklist in many ways and his greatest battle involved the making of *Salt of the Earth* Jarrico other blacklisted individuals and the families of the miners who were the subject of the film created a landmark film in motion picture history As did others on the blacklist Jarrico decided that Europe offered a freer atmosphere than that of the cold war United States Although he continued to support political causes while living abroad he found it difficult to find remunerative black market screenwriting assignments On the scripts he did complete he had to use a pseudonym or allow the producers to give screen credit to others Upon returning to the United States in 1977 he led the fight to restore screen credits to the blacklisted writers who like himself had been denied screen credit from the late 1940s to the mid 1960s

Despite all the obstacles he encountered Jarrico never lost his faith in the progressive potential of movies and the possibility of a socialist future The Marxist and the Movies details the relationship between a screenwriter s work and his Communist beliefs From Jarrico s immense archive interviews with him and those who knew him best and a host of other sources Ceplair has crafted an insider s view of Paul Jarrico s life and work placing both in the context of U S cultural history **Women Labor Activists in the Movies** Jennifer L. Borda,2015-04-25 Some of the most indelible images of women in recent American film have been of working women fighting for labor reform or to expose corporate corruption This critical text explores films with female labor activists as main protagonists illuminating issues of gender and class while depicting the challenges of working class women Films covered include Salt of the Earth Pajama Game Union Maids With Babies and Banners Norma Rae Silkwood and Live Nude Girls Unite Through comparative analysis the text examines the responses of these films to the labor and feminist movements of the last half century and how American cinema has articulated notions of disempowerment ambivalence and at times the resistance of both women and the working class at large The Most Typical Avant-Garde David James,2005-05-30 Los Angeles has nourished a dazzling array of independent cinemas avant garde and art cinema ethnic and industrial films pornography documentaries and many other far flung corners of film culture This glorious panoramic history of film production outside the commercial studio system reconfigures Los Angeles rather than New York as the true center of avant garde cinema in the United States As he brilliantly delineates the cultural perimeter of the film business from the earliest days of cinema to the contemporary scene David James argues that avant garde and minority filmmaking in Los Angeles has in fact been the prototypical attempt to create emancipatory and progressive culture Drawing from urban history and geography local news reporting and a wide range of film criticism James gives astute analyzes of scores of films many of which are to found only in archives He also looks at some of the most innovative moments in Hollywood revealing the full extent of the cross fertilization the occurred between the studio system and films created outside it Throughout he demonstrates that Los Angeles has been in the aesthetic and social vanguard in all cinematic periods from the Socialist cinemas of the early teens and 1930s to the personal cinemas of psychic self investigation in the 1940s to attempts in the 1960s to revitalize the industry with the counterculture s utopian visions and to the 1970s when African Americans Asian Americans Latinos women gays and lesbians worked to create cinemas of their own James takes us up to the 1990s and beyond to explore new forms of art cinema that are now transforming the representation of Southern California s geography Latino Images in Film Charles Ramírez Berg,2002-08-15 Publisher Fact Sheet Berg analyzes the intersection of Hollywood stereotyping and Latino self representation and explores how Latino actors and filmmakers have subverted and resisted stereotyping **Latinas in the United States, set** Vicki L. Working-Class Hollywood Steven J. Ross, 2020-06-30 This path breaking book reveals how Hollywood became Hollywood and what that meant for the politics of America and American film Working Class Hollywood tells the story of filmmaking in the first three decades of the twentieth century a time when going to the movies could transform lives and when the cinema was a battleground for control of American consciousness Steven Ross documents the rise of a working class film movement that challenged the dominant political ideas of the day Between 1907 and 1930 worker filmmakers repeatedly clashed with censors movie industry leaders and federal agencies over the kinds of images and subjects audiences would be allowed to see The outcome of these battles was critical to our own times for the victors got to shape the meaning of class in twentieth century America Surveying several hundred movies made by or about working men and women Ross shows how filmmakers were far more concerned with class conflict during the silent era than at any subsequent time Directors like Charlie Chaplin D W Griffith and William de Mille made movies that defended working people and chastised their enemies Worker filmmakers went a step further and produced movies from *A Martyr* to *His Cause* 1911 to *The Gastonia Textile Strike* 1929 that depicted a unified working class using strikes unions and socialism to transform a nation J Edgar Hoover considered these class conscious productions so dangerous that he assigned secret agents to spy on worker filmmakers Liberal and radical films declined in the 1920s as an emerging Hollywood studio system pressured by censors and Wall Street investors pushed American film in increasingly conservative directions Appealing to people's dreams of luxury and upward mobility studios produced lavish fantasy films that shifted popular attention away from the problems of the workplace and toward the pleasures of the new consumer society While worker filmmakers were trying to heighten class consciousness Hollywood producers were suggesting that class no longer mattered **Working Class Hollywood** shows how silent films helped shape the modern belief that we are a classless nation

Chicano Communists and the Struggle for Social Justice Enrique M. Buelna, 2019-04-02 In the 1930s and 1940s the early roots of the Chicano Movement took shape. Activists like Jesús Cruz and later Ralph Cuarón sought justice for miserable working conditions and the poor treatment of Mexican Americans and immigrants through protests and sit-ins. Lesser known is the influence that Communism and socialism had on the early roots of the Chicano Movement, a legacy that continues today. Examining the role of Mexican American working class and radical labor activism in American history, Enrique M. Buelna focuses on the work of the radical Left, particularly the Communist Party CP USA. Buelna delves into the experiences of Cuarón in particular, as well as those of his family. He writes about the family's migration from Mexico, work in the mines in Morenci, Arizona, move to Los Angeles during the Great Depression, service in World War II, and experiences during the Cold War as a background to exploring the experiences of many Mexican Americans during this time period. The author follows the thread of radical activism and the depth of its influence on Mexican Americans struggling to achieve social justice and equality. The legacy of Cuarón and his comrades is significant to the Chicano Movement and in understanding the development of the labor and civil rights movements in the United States. Their contributions in particular during the 1960s and 1970s informed a new generation to demand an end to the Vietnam War and to expose educational inequality, poverty, civil rights abuses, and police brutality.

Wim Wenders Olivier Delers, Martin Sulzer-Reichel, 2020-01-23 Wim Wenders' *Making Films That Matter* is the first book in 15 years to take a comprehensive look at Wim Wenders's extensive filmography. In addition to offering new insights into his cult masterpieces, the 10 essays in this volume highlight the thematic and aesthetic continuities between his early films and his latest productions. Wenders's films have much to contribute to current conversations on intermediality, whether it be through his adaptations of important literary works or his filmic reinventions of famous paintings by Edward Hopper or Andrew Wyeth. Wenders has also positioned himself as a decidedly transnational and translingual filmmaker, taking on the challenge of representing peripheral spaces without falling into the trap of a neo-colonial gaze. *Making Films That Matter* argues that Wenders remains a true innovator in both his experiments in 3D filmmaking and his attempts to define a visual poetics of peace.

Screening America James Lorence, 2016-11-03 By combining the study of films with the text-based primary sources, *Screening America* gives students clear guidance in studying, interpreting, and understanding the motion picture's significance as a primary source in investigating U.S. History. Students will come to understand history as not only the record of what governments did but also the way in which people lived their lives, experienced the wider world, and engaged in leisure pursuits from which we can learn much about the society in which they lived.

Hollywood or History? Tim Monreal, Jesús A. Tirado, 2025-06-20 *Hollywood or History* helps classroom teachers include more accurate Latinx stories in their classroom. We believe that when used intentionally and critically, media representations of Latinx communities and histories are powerful tools for high-quality curriculum and instruction.
