children's entertainment by audiences and popular media. Hollywood animation has received little serious attention. Eric Smoodin's *Animating Culture* is the first and only book to thoroughly analyze the animated short film. Usually running about seven or eight minutes, cartoons were made by major Hollywood studios such as MGM, Warner Bros, and Disney and shown at movie theaters along with a newsreel and a feature-length film. Smoodin explores animated shorts and the system that mass-produced them. How were cartoons exhibited in theaters? How did they tell their stories? Who did they tell them to? What did they say about race, class, and gender? How were cartoons related to the feature films they accompanied on the evening's bill of fare? What were the social functions of cartoon stars like Donald Duck and Minnie Mouse? Smoodin argues that cartoons appealed to a wide audience, not just children, and did indeed contribute to public debate about political matters. He examines issues often ignored in discussions of animated film: issues such as social control in the U.S. Army's Private Snafu cartoons and sexuality and race in the sites of Betty Boop's body and the cartoon harem. Smoodin's analysis of the multiple discourses embedded in a variety of cartoons reveals the complex and sometimes contradictory ways that animation dealt with class, relations, labor, imperialism, and censorship. His discussion of Disney and the Disney Studio's close ties with the U.S. government forces us to rethink the place of the cartoon in political and cultural life. Smoodin reveals the complex relationship between cartoons and the Hollywood studio system and between cartoons and their audiences.

The Tide Was Always High Josh Kun, 2017-09-26 In 1980 the celebrated new wave band Blondie headed to Los Angeles to record a new album and along with it the cover song "The Tide Is High" originally written by Jamaican legend John Holt. Featuring percussion by Peruvian drummer and veteran LA session musician Alex Acuña and with horns and violins that were pure LA mariachi by way of Mexico, "The Tide Is High" demonstrates just one of the ways in which Los Angeles and the music of Latin America have been intertwined since the birth of the city in the eighteenth century. "The Tide Was Always High" gathers together essays, interviews, and analysis from leading academics, artists, journalists, and iconic Latin American musicians to explore the vibrant connections between Los Angeles and Latin America. Published in conjunction with the Getty's Pacific Standard Time LA/LA, the book shows how Latin American musicians and music have helped shape the city's culture from Hollywood film sets to recording studios, from vaudeville theaters to Sunset Strip nightclubs and from Carmen Miranda to Pérez Prado and Juan García Esquivel.

Hotel Mexico George F. Flaherty, 2016-08-16 In 1968 Mexico prepared to host the Olympic games amid growing civil unrest. The spectacular sports facilities and urban redevelopment projects built by the government in Mexico City mirrored the country's rapid but uneven modernization. In the same year a street-savvy democratization movement led by students emerged in the city. Throughout the

summer the 68 Movement staged protests underscoring a widespread sense of political disenfranchisement Just ten days before the Olympics began nearly three hundred student protestors were massacred by the military in a plaza at the core of a new public housing complex In spite of institutional denial and censorship the 1968 massacre remains a touchstone in contemporary Mexican culture thanks to the public memory work of survivors and Mexico's leftist intelligentsia In this highly original study of the afterlives of the 68 Movement George F Flaherty explores how urban spaces material but also literary photographic and cinematic became an archive of 1968 providing a framework for de facto modes of justice for years to come
