Surrealism and Architecture Thomas Mical,2005-02-25 This is a historically informed examination of architecture s perceived absence in surrealist thought surrealist tendencies in the theories and projects of modern architecture and the place of surrealist thought in contemporary design This book represents current insights into surrealism in the thought and practice of modern architecture In these essays the role of the subconscious the techniques of defamiliarization aesthetic and social forces affecting the objects interiors cities and landscapes of the twentieth century are revealed The book contains a diversity of voices from across modern art and architecture to bring into focus what is often overlooked in the histories of the modernist avant garde This collection examines the practices of writers artists architects and urbanists with emphasis on a critique of the everyday world view offering alternative models of subjectivity artistic effect and the production of meanings in the built world

Surreal Lives Ruth Brandon,2000-08 A sharp analysis of the Surrealist movement and the group of writers painters and filmmakers who set out to change the perception of the world Photographs **Lorca, Buñuel, Dalí** Gwynne Edwards,2009-06-17 Lorca Bunuel and Dali were in their respective fields of poetry and theatre cinema and painting three of the most imaginative creative artists of the twentieth century their impact was felt far beyond the boundaries of their native Spain But if individually they have been examined by many their connected lives have rarely been considered It is these the ties that bind them that constitute the subject of this illuminating book They were born within six years of each other and as Gwynne Edwards reveals their childhood circumstances were very similar Each was affected by a narrow minded society and an intolerant religious background which equated sex with sin and led all three to experience sexual problems of different kinds Lorca the guilt and anguish associated with his homosexuality Bunuel feelings of sexual inhibition and Dali virtual impotence Having met during the 1920s at the Residencia de Estudiantes in Madrid they developed intense personal relationships and channelled their respective obsessions into the cultural forms then prevalent in Europe in particular Surrealism Rooted in emotional turmoil their work from Lorca s dramatic characters in search of sexual fulfilment to Bunuel s frustrated men and women and Dali s potent images of shame and guilt is highly autobiographical Their left wing outrage directed at bourgeois values and the Catholic Church was strongly felt and in the case of Lorca in particular was sharpened by the catastrophic Civil War of 1936-9 during the first months of which he was murdered by Franco s fascists The war hastened Bunuel s departure to France and Mexico and Dali s to New York Edwards describes how for the rest of his life Bunuel clung to his left wing ideals and made outstanding films while the increasingly eccentric and money obsessed Dali embraced Fascism and the Catholic Church and saw his art go into rapid decline **Architectures of Chance** Yeoryia Manolopoulou,2017-03-02 Architectural discourse and practice are dominated by a false dichotomy between design and

chance and governed by the belief that the architect's role is to defend against the indeterminate In *Architectures of Chance* Yeoryia Manolopoulou challenges this position arguing for the need to develop a more creative understanding of chance as aesthetic experience and critical method and as a design practice in its own right Examining the role of experimental chance across film psychoanalysis philosophy fine art and performance this is the first book to comprehensively discuss the idea of chance in architecture and bring a rich array of innovative practices of chance to the attention of architects Wide ranging and through a symbiotic interplay of drawing and text *Architectures of Chance* makes illuminating reading for those interested in the process and experience of design and the poetics and ethics of chance and space in the overlapping fields of architecture and the aleatoric arts

story of this most extraordinary fashion designer perhaps the most extraordinary fashion designer of the twentieth century who in her time was more famous than Chanel *Paris on the Brink* Mary McAuliffe, 2018-09-13 *Paris on the Brink* vividly portrays the City of Light during the tumultuous 1930s from the Wall Street Crash of 1929 to war and German Occupation This was a dangerous and turbulent decade during which workers flexed their economic muscle and their opponents struck back with increasing violence As the divide between haves and have nots widened so did the political split between left and right with animosities exploding into brutal clashes intensified by the paramilitary leagues of the extreme right Hitler Stalin and Mussolini escalated the increasingly hazardous international environment while the civil war in Spain added to the instability of the times Yet throughout the decade Paris remained at the center of cultural creativity Major figures on the Paris scene such as Gertrude Stein Ernest Hemingway Andr Gide Marie Curie Pablo Picasso Igor Stravinsky and Coco Chanel continued to hold sway in addition to Josephine Baker Sylvia Beach James Joyce Man Ray and Le Corbusier Simone de Beauvoir and Jean Paul Sartre could now be seen at their favorite caf s while Jean Renoir Salvador Dal and Elsa Schiaparelli came to prominence along with France s first Socialist prime minister Leon Blum Despite the decade s creativity and glamour it remained a difficult and dangerous time and Parisians responded with growing nativism and anti-Semitism while relying on their Maginot Line to protect them from external harm Through rich illustrations and evocative narrative Mary McAuliffe brings this extraordinary era to life *Companion to Spanish Surrealism* Robert Havard, 2004 A comprehensive introduction to Surrealism in Spain with focus on poetry art drama and film *The Apocryphal Subject* David Vilaseca, 1995 A self appointed genius Salvador Dal 1904 1989 represents one of the most original controversial and profoundly subversive phenomena in contemporary Western culture This study focuses on the artist s autobiographical writings particularly on *The Secret Life of Salvador Dal* 1942 proposing that without a notion of fantasy and identification we are unable either to understand Dal s own subjective movements in the memoirs or what he has come to represent for us *The Apocryphal Subject* is the first book to adopt a poststructuralist perspective for the study of Dal s writings offering new insights on for example the artist s attachments to Federico G Lorca and his wife Gala The book draws extensively upon current debates in deconstructive and psychoanalytic criticism particularly on the themes of homosexuality masochism abjection and paranoia showing how no writer demonstrates more forcefully than Dal the irreducible contradictions and plurality of desires which constitute our contemporary postmodern identities *Paris* Mary McAuliffe, 2023-05-15 Follow in the footsteps of history to discover the hidden places extraordinary people and captivating stories of Paris *Paris Secret Gardens Hidden Places and Stories of the City of Light* Mary McAuliffe s multilayered exploration of Paris weaves a narrative that takes the reader into secret and hidden places even in the midst of the most well known Paris destinations McAuliffe s hidden places can be small but are always revealing whether a bas relief on an ignored corner of Notre Dame or an overlooked courtyard inside an ancient and busy hospital She takes the reader below the streets and sidewalks of Paris to discover ancient aqueducts and a

lost river and she prompts the reader to notice overlooked treasures in the most trafficked of museums Always McAuliffe's focus is on people and their stories Evil queens designing noblemen bold chevaliers and desperate lovers mingle with Resistance fighters and obsessed artists rising out of abject poverty into unexpected fame and fortune adding to the tidal wave of creativity that is the lifeblood of the City of Light One person place and story lead to another each linked by a common thread within the layered richness of Paris's past The story of Paris is not a chronology but an exploration of the many layers of this remarkable city throughout the ages
