

Short Stories Essay

Crafting an essay on the topic of "Short Stories" can be both challenging and rewarding. The difficulty lies in the broad scope of the subject matter, encompassing a vast array of literary works, styles, and themes within the realm of short fiction. The task demands a comprehensive understanding of various narrative techniques, character development, symbolism, and the unique constraints that come with telling a compelling story within a limited word count.

One must navigate through the rich tapestry of short stories from different cultures, time periods, and genres, selecting relevant examples and weaving them into a coherent and insightful essay. Analyzing the impact of brevity on storytelling, exploring the role of plot twists, and deciphering the nuances of character relationships all contribute to the complexity of the assignment.

Moreover, the challenge extends to presenting original perspectives and interpretations. With countless essays already written on the topic, finding a fresh angle or offering a unique insight requires careful thought and creativity. Balancing the analysis of classic short stories with contemporary works adds another layer of complexity, as trends and techniques evolve over time.

In the process of crafting such an essay, one might find themselves immersed in a sea of diverse narratives, attempting to distill the essence of each story while maintaining a cohesive and engaging narrative throughout the essay. The challenge is not only to understand and appreciate the nuances of each short story but also to synthesize this understanding into a coherent and compelling argument.

Despite the difficulty, the process of exploring and articulating the intricacies of short stories can be intellectually stimulating. It provides an opportunity to delve into the world of literature, honing critical thinking skills and refining the ability to express complex ideas in writing.

In conclusion, tackling an essay on the topic of "Short Stories" demands a careful balance of analysis, creativity, and originality. It involves navigating through a vast literary landscape, distilling key themes and techniques, and presenting a cohesive narrative that contributes meaningfully to the broader discourse on short fiction. While the task is undoubtedly challenging, the rewards lie in the intellectual growth and appreciation for the art of storytelling that it fosters.

Modern Essays and Stories Various Authors,1912-01-01 In all schools pupils are expected to write essays but curiously enough essay reading and essay writing are taught but little In spite of that neglect the essay is so altogether natural and

spontaneous in spirit so intensely personal in expression and so demanding of excellence of prose style that it is the form par excellence for consideration in school if teachers are to show pupils much concerning the art of writing well The essay is to prose what the lyric is to poetry complete genuine and beautiful self expression or better still self revelation Most of the writing done in schools is straightforward narration of events without much if any attempt to show personal reactions on those events mere diary like accounts at best mechanical descriptions that aim to present exterior appearance without attempting to reveal inner meanings or to show awakened emotions and stereotyped explanations and arguments drawn for the most part from books of reference or from slight observation Beyond all this mechanical work lies a field of throbbing personal life of joyous reactions on all the myriads of interests that lie close at hand of meditations on the wonders of plant and animal life of humorous or philosophic comments on human nature and of all manner of vague dreams and aspirations aroused by Such sights as youthful poets dream On summer eves by haunted stream Without the slightest question it is the duty of the school and of the teacher in particular to lead pupils to appreciate honesty and originality in unapplied unpragmatic self expression and to show pupils how they themselves may gain the very real pleasure of putting down on paper permanent records of their own intimate thinking Joseph Addison s The Sir Roger de Coverley Papers and Washington Irving s Sketch Book have for many years made valiant but unsuccessful efforts to fill the places that should be filled by more modern representatives of the essay Macaulay s Essay on Johnson is a biographical article for an encyclopedia his essays on Clive and on Hastings are polemics and Carlyle s Essay on Burns is a critical disquisition With the exception of The Sir Roger de Coverley Papers all these so called essays are of considerable length and are unfitted to serve as the best examples of the essay form for the essay like the lyric demands brevity it is after all only a quick flash of self revelation not a sustained effort Then again who would wish to learn to write like Addison like Washington Irving like Macaulay or like Carlyle Those great writers couched their thoughts in the language fashions of their days just as they clothed their bodies in the garments of their times To imitate either their style of expression or their costumes would be to make one s self ridiculous or to take part in a species of masquerade The extremely Latinized vocabulary of 1711 or the resonant periods and marked antitheses of 1850 are as old fashioned to day as are the once highly respected periwigs great coats and silver shoe buckles of the past The thoughts of yesterday are not the thoughts of to day There is in serious reality such a thing as an old fashioned point of view With all due reverence for the past the best teachers of to day believe that it is just as necessary for students to use present day methods of expression and to cultivate present day interests as it is to take advantage of the railroad the telegraph the telephone the automobile and the thousand other mechanical contrivances that aid life to day but which were unknown in 1711 or in 1850
